This service will be charged at a local rate of only £10 (+VAT) per hour. However, if your request takes The All Saints Concierge outside the locality, there will be a £25 (+VAT) charge per hour. We are very happy to liaise with external providers on your behalf. If your request involves us using a third party provider, there'll be no hourly charge for our services, but there will be a 25% levy added to the external provider's bill.

Platinum Service

If you require a full Personal Assistant Service, that includes secretarial services*, we'd recommend that you subscribe to our Platinum Service. You will be able to request errands and assistance around the clock, 365 days per year. You will have two members of The All Saints Concierge team assigned to your membership. This will ensure that there is always somebody available to help you with your requests. The Platinum Service can be paid for monthly at a rate of £200 per calendar month or for an annual fee of £2400. These rates are applied per household and not per person.
