COMMUNITY FEEL

Our homes at Broadacres are set back from the road, with rich planting, mature trees and ancient hedgerows carefully landscaped to create a natural environment.

Set against a backdrop of rolling Sussex countryside and surrounded by acres of parkland, Broadacres offers luxury living within the charming and friendly village of Southwater.

THOUGHTFUL INTERIORS

Berkeley build homes for life, with a commitment to high specification and an attention to detail rarely found in new homes today.

At Broadacres each home combines traditional skills, innovative design and state-of-the-art features. Here you will enjoy a new home that offers all the very best for today's lifestyle

Traditional taste meets modern features.

Take in the thoughtfully designed light-filled living areas, perfect for entertaining or unwinding, and the beautiful kitchens fitted with energy efficient appliances purposely combine traditional taste with modern day convenience.

Each home is highly energy efficient, and we only source quality materials from partners who share Berkeley's sustainability values, to ensure an environmentally-friendly home that you can enjoy for life.

And, for your peace of mind, there's a 10 year NHBC Buildmark Scheme guarantee in addition to a two year customer warranty from Berkeley.

— A LEADER IN —

SUSTAINABLE HOUSE BUILDING

The Berkeley Group is a leader in sustainable urban regeneration. Our goal is to be world-class in the area of sustainability, both in terms of running our business efficiently and considerately and by developing sustainable places for people to thrive in. Winners of the Sustainable Housebuilder of the Year 2019, we are committed to being a responsible business which thinks about the long-term. Sustainability to the Berkeley Group, in its simplest terms, is about people, the planet and prosperity. We think about these three aspects during our operational activities and also in terms of the places we create.

Sustainable Housebuilder of the Year

SIMPLY A BETTER WAY OF LIVING

The Berkeley Group has won many prestigious awards for the quality, design and sustainability of our developments. We have a strategy designed to raise our standards higher still. The 'Our Vision 2030' strategy means that you are buying a home from a sustainable business that takes its responsibilities towards the environment, its workforce and the communities in which it works, very seriously.

GREENER, MORE ECONOMICAL HOMES

At Broadacres, we have incorporated a range of features that make it easy for residents to live a sustainable lifestyle, from energy saving light fittings and energy efficient kitchen appliances to recycling bins and high levels of thermal insulation. These homes are also designed to use less water and their CO2 emissions are lower than an average home, saving you significant amounts on your utility bills and reducing the overall contribution to climate change.

REDUCING WATER USE

The water consuming fixtures and fittings in the homes at Broadacres are carefully selected to make sure that they use less water than the average household in the UK. Water efficient features in these homes include toilets with dual flush mechanisms.

A COMMITMENT TO THE FUTURE

We set targets to reduce water use and CO2 emissions associated with our construction and business operations. We also aim to reuse or recycle a high proportion of our construction, demolition and excavation waste.

LET'S HELP THE HEDGEHOGS

As part of Berkeley's commitment to nature, we've promised to take action to help prevent Hedgehog numbers dropping further. We are working with wildlife rescue centres, and have volunteered Broadacres as a safe place for this endangered native species to thrive. Every home with a garden fence will feature a 'Hedgehog Highway'. These are specially designed 150mm doors at the bottom of timber fences which will allow Hedgehogs to safely move through back gardens without the need to go onto roads or footpaths.

— PROFESSIONAL SERVICE —

DESIGNED FOR LIFE

Our customers are at the heart of all our decisions. We aim to understand their needs and consistently meet or exceed their expectations. The service we provide is professional, efficient and helpful to make the home buying process as straightforward and enjoyable as possible. Our levels of customer service aim to be comparable to other top brands.

CUSTOMER SERVICE IS OUR PRIORITY

All our customers are provided with a commitment that when they buy a new home from Berkeley they can be safe in the knowledge that it is built to very high standards of design and quality, has low environmental impact and that they will enjoy an exceptional customer experience. Each customer receives tailored information relating to their purchase and has a dedicated point of contact throughout the customer journey.

GREEN LIVING AND SUSTAINABLE DEVELOPMENT IS TOP OF OUR AGENDA

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods.

QUALITY IS AT THE HEART OF EVERYTHING WE DO

At Berkeley, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10 year warranty all new homes receive, Berkeley operates a 2 year policy with dedicated Customer Service teams on hand 24 hours a day to deal with enquiries quickly and effectively.

UNPARALLELED CHOICE OF HOMES IN THE MOST SOUGHT AFTER LOCATIONS

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. From city penthouses to country retreats, modern studio apartments to traditional family homes, you will find the perfect home to match your requirements. Our homes are also built in some of Britain's most desirable locations from market towns and rural villages to major towns and cities, and countryside to the coast – we build in the locations you want to live.

A COMMITMENT TO CREATING SUSTAINABLE COMMUNITIES

Berkeley's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

“98% of our customers would recommend us to their family and friends.”

TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.
