REMARKABLE BY NATURE

WELCOME TO THE GREEN QUARTER

The Green Quarter is no ordinary place to live. Here, you'll enjoy the benefits of modern urban living in a truly remarkable setting, with nature at its very heart.

The transformation of this former brownfield site is one of London's most ambitious regeneration projects and will create one of the most biodiverse neighbourhoods in the UK.

Sibley House and Watson House are among the first apartment buildings to benefit from these emerging green spaces.

Each home is designed to make the most of the natural setting, with private balconies overlooking podium gardens and out across the new 4.5-acre Central Gardens just beyond.

With a selection of suites, one, two and three bedroom apartments, you'll also enjoy the flexibility of super-fast transport connections into central London, with the zone 4 tube station a short stroll away.

Computer-generated image is indicative only and subject to planning

SIBLEY HOUSE & WATSON HOUSE

The homes at Sibley House and Watson House are located in Parkside, one of four new and distinct areas to emerge at The Green Quarter.

From the outset, you'll be able to enjoy the new public Central Gardens as well as your own, residents-only podium garden at the foot of your apartment building.

The Green Quarter Masterplan

Maps are not to scale and show approximate locations only. The site plan is indicative only and subject to change. In line with our policy of continuous improvement we reserve the right to alter the layout, building style, landscaping and specification at anytime without notice. Site plan is indicative only and subject to change. *Right to park only.

PARKSIDE

Between the apartments and the tree-lined boulevard below is a series of neighbourhood spaces the community can use.

Computer-generated image is indicative only and subject to planning

Looking out over the four-acre Central Gardens, Parkside is the first of the new neighbourhoods to be created at The Green Quarter.

Apartments nestle among the trees, offering stunning views across landscaped grounds, trickling waterways and areas for recreation or community activities.

SIBLEY HOUSE & WATSON HOUSE

Reflecting the same attention to detail brought to every project by Berkeley Group, the apartments at Sibley House and Watson House are designed to be spacious and modern with views over stunning green spaces.

Sibley House

Sibley House is named after Robert Sibley, an architect who was responsible for the build of a local hospital. Building commenced in 1830 and the hospital was officially opened in 1831, caring for 600 patients.

Since then, a number of buildings have been added and the hospital is now known as St Bernard's.

Watson House

With its close proximity to the city and the waterways, Southall has a rich industrial history. Southall was once famous for its brickmaking, having even provided bricks for Buckingham Palace.

The naming for Watson House derives from Thomas Watson who founded a 28-acre brickfield in Southall in the 18th century. It is estimated that between 1899 – 1901, this brickfield produced over two million bricks a year.

CONTEMPORARY INTERIORS

In Sibley House and Watson House, the open and spacious living areas are flooded with natural light. These generous spaces offer expansive French windows that open out onto your own private balcony – perfect for entertaining or relaxing at home in ultimate comfort.

THE SPACE TO ENTERTAIN

Taking inspiration from the area's industrial heritage, and its nature-filled future, the designs for interior dining and living spaces involve subtle contrasts.

From the natural timber flooring to the white window surrounds, these unique interior styles create a timeless appeal.

Kitchen areas are designed to resemble a seamless piece of joinery. And this harmony continues through the open living areas and into the bedrooms of each apartment.

These are apartments designed for modern living. The kind of spaces in which you'll feel equally comfortable entertaining or kicking off your shoes and taking it easy.

RIGHT -
Stylish contemporary
kitchen designs featuring
natural timber flooring

All apartments at Sibley House and Watson House are designed with the future in mind and make it easier for you to live a sustainable lifestyle.

Interior photography is of showhome and is indicative only

BUILDING FOR THE FUTURE

From construction through to the finishing touches, The Green Quarter incorporates a whole host of features to help reduce environmental impact.

Take the rainwater harvesting for irrigating landscaped areas and the green roofs on every apartment building. Or the water-saving fixtures in the bathrooms and 100% low energy lighting throughout each home.

White goods are supplied, rated B or above and communal heating and hot water via an energy centre.

DESIGNED FOR LIFE

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, though intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us. We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers. Our Vision 2030 is our ten year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

THIS IS HOW WE ARE ENSURING SUSTAINABILITY AT THE GREEN QUARTER

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at The Green Quarter.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to net biodiversity gain on our developments. Within and around The Green Quarter, we have created natural habitats that encourage wildlife to flourish. We are working with the London Wildlife Trust and ALD (Applied Landscaping Design) to engage residents in the natural landscapes that we have created.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation, air-tightness and Continuous Mechanical Extract Ventilation. All lighting is low energy and kitchen appliances are B rated or above.

NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout The Green Quarter we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

SUSTAINABLE TRANSPORT

The Green Quarter is within walking distance of the railway station. Electric car charging points, car club and fitness trails encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with Firstport and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

INTRODUCING MYHOME PLUS

WHAT IS MYHOME PLUS?

MyHome Plus is an online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

**SIGN IN BY VISITING

MYHOME PLUS**

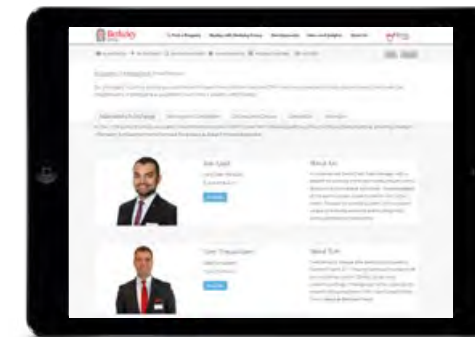

BUYING PROCESS

This section provides you with an overview of MyHome Plus Key features to enhance your customer journey.

01

FILING CABINET

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

02

MEET THE TEAM

This section provides an introduction to your dedicated Sales Consultant, Customer Relations Manager and Customer Service Manager. You will be able to view their contact details and to contact them directly from the platform.

03

OPTIONS & CHOICES

When you buy a home with us, you will have the option to choose some of your home finishes. This will be subject to the development and property building stage but it's a chance to make it feel truly yours. You will be able to see the different options, the selection deadline date and submit your choice in this section of MyHome Plus. See the "next steps" section for further detail on this.

04

CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area.

Your Customer Relations Manager will issue regular newsletters and photographs to this section throughout your journey.

05

MY GUIDES

View and download your buying and living guides to support you step-by-step through your journey with us.

NEXT STEPS

01

Your Sales Consultant will send you instructions to create and validate your MyHome account. Once your account is validated, your Sales Consultant will assign your property to your MyHome account and your account will be upgraded to a MyHome Plus account.

02

Your Customer Relations Manager will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes that you have an option to select.*

*If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.

OUR RECENT ACCOLADES

The Berkeley Group, and all the companies within the Group, has continued to strive for the best, and has received many awards for design, construction and health & safety.

It is not only experts from our industry we have received recognition from, 98% of our customers would recommend us to a friend.

The information in this document is indicative and is intended to act as a guide only as to the finished product. Accordingly, due to Berkeley's policy of continuous improvement, the finished product may vary from the information provided. It may not be possible to provide the exact materials as referred to in the brochure. In such cases a suitable alternative will be provided. [DEVELOPER NAME] reserves the right to make these changes as required. These particulars should not be relied upon as statements of fact or representations and applicants must satisfy themselves by inspection or otherwise as to their correctness. This information does not constitute a contract or warranty. The dimensions given on plans are subject to minor variations and are not intended to be used for carpet sizes, appliance sizes or items of furniture. The Green Quarter is a marketing name and will not necessarily form part of the approved postal address. Applicants are advised to contact Berkeley to ascertain the availability of any particular property. The Green Quarter was granted planning permission by Hillingdon Council (planning reference: 54814/APP/2017/604 dated 19 September 2017) and Ealing Council (planning reference: 171562VAR dated 16 October 2017). Through the purchase of a property at The Green Quarter, the buyer is acquiring an apartment with a 999-year leasehold. Like any investment, purchasing uncompleted properties situated outside Hong Kong is complicated and contains risk. You should review all relevant information and documents carefully before making a purchase decision. If in doubt, please seek independent professional advice before making a purchase decision.
