Beaufort Park

The St George Development at Beaufort Park began in 2005 and kickstarted the regeneration of the Colindale Area after being identified as an area of intensification by The Mayor of London. Beaufort Park consists of over 3,500 new homes and 100,000 sq ft of commercial space. There are approximately 8,000 residents within the scheme and 33,000 residents within close proximity. Colindale has undergone extensive regeneration and has established itself as a key central hub in North West London.

The area has shown huge population growth and plans have been approved by Barnet council to provide a further 10,000 homes by 2024. Colindale has also become a vibrant commercial centre with a wide range of retail and leisure offerings on its doorstep. With it's close proximity to Middlesex University, Brent Cross, Saracens Rugby and Wembley stadium and good travel links into the City & West End, Colindale is a hub for a mix of students and professionals.

Beaufort Park is located in Colindale between Aerodrome Road and Grahame Park Way. It benefits from excellent road links, with Aerodrome Road being directly accessed from the A41 (Watford Way) which provides connectivity to the M1 and A406 (North Circular). The A5, close by directly connects with Central London.
