Lockside living

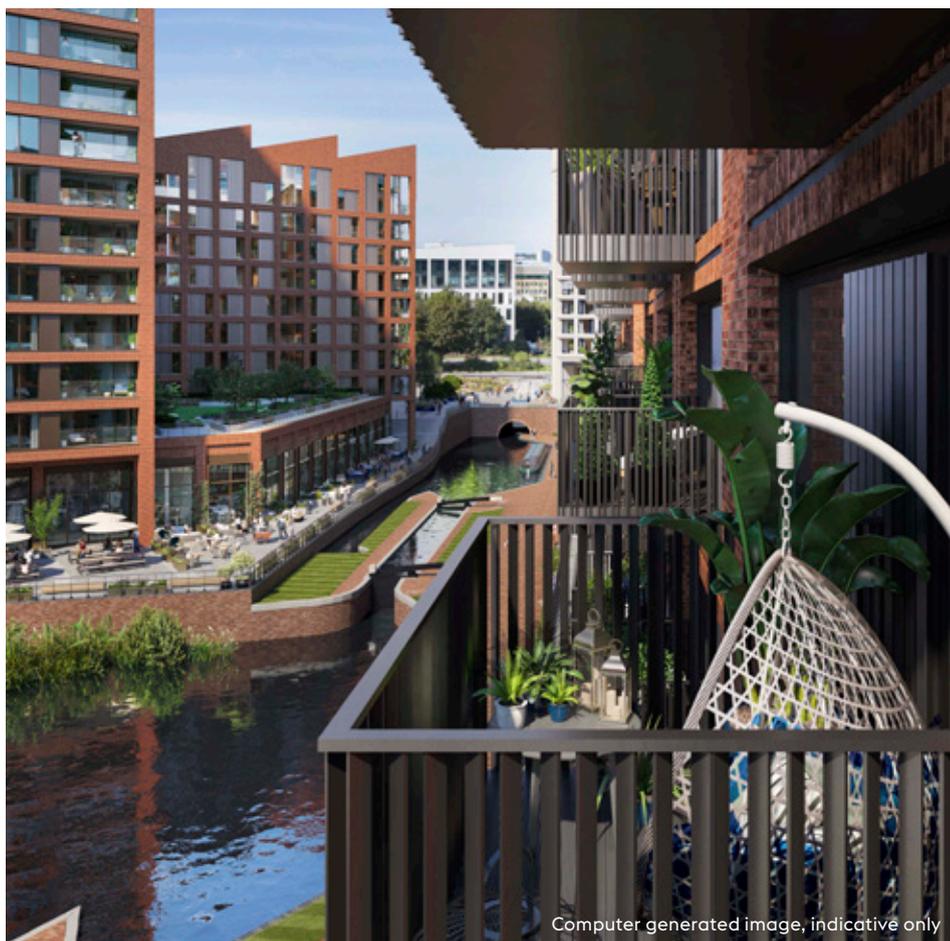

Glasswater Locks brings convenience and connectivity to comfortable, modern living, set alongside a peaceful waterway. The development benefits from 155m of canal-side frontage for residents to enjoy tranquil views over the canal from their elevated, private courtyard gardens.

The Canal-Side Club residents' facilities will include a 24-hour concierge, business lounge, games room, gym and cinema room. Planned cafés, bars and restaurants will look to offer alfresco drinks and dinner, while public art, interactive water features and an area for outdoor events ensure there's a carefully landscaped, new neighbourhood that caters for everyone.

Glasswater Locks is a short walk from the best of Birmingham's city centre dining, shopping, cultural attractions and the forthcoming high speed rail station*, which will significantly improve travel times to London and other major UK destinations. Motorway networks and the airport can also be easily reached from the city centre.

Thriving for business

Paradise Circus, the city's civic centre, is being redeveloped as Paradise, one of the most significant commercial development projects outside of London. It will deliver 1.74 million sq ft of premium office accommodation, including One Chamberlain Square, which is home to international professional services firm PwC.

Global financial institutions are also opening offices here, including HSBC, which is relocating its London headquarters as part of a £200m investment into the Colmore Business District. An increase in affordable and central office space has also attracted many entrepreneurs to the city, enabling Birmingham to produce the highest number of start-ups outside of London for five years running.

Birmingham is one of the UK's fastest growing business hubs with three key areas in the city centre Colmore Row, Paradise and Brindley Place.

Countrywide connections

Birmingham has 3 mainline stations, Moor Street, New Street and Snow Hill. The new HS2 Curzon Street* is just 8 minutes' walk from Glasswater Locks. HS2 superfast trains will cut journey times to London and other cities by half.

- Easy to access M5, M6 and M42 motorway network
- Birmingham Airport is undergoing a £500 million investment and already has direct flights to more than 150 destinations

The development

The historic industrial area provides context for the architecture of Glasswater Locks and its proximity to the canal has informed the layout of its seven buildings. The site has been designed to flood the spaces with natural light and to create canal-side views and public spaces, bringing life back to the

canal and creating a vibrant place where people want to live, can enjoy life and where communities can thrive. Apartments and duplexes offer both comfort and style. Contemporary interior design uses contrasting colours to create impact and a sense of spaciousness.

A mix of white woodwork, neutral tones and matte black fixtures and fittings are complemented by floor-to-ceiling windows that flood the rooms with natural daylight.

Dynamic city of culture

Birmingham is considered a young and vibrant cultural epicentre with a majority percentage of residents below the age of 25. Birmingham's evolution is rooted in rich industrial heritage yet is infused with the diversity of its modern population. The city is proud to have five globally recognised universities and has been chosen to host the 2022 Commonwealth Games.

Birmingham's cultural calendar is always packed with world-class art, drama, dance, music, festivals and exhibitions – not surprisingly, as the city boasts six major theatres and nearly 100 art venues, galleries and museums. High speed rail links also make Birmingham one of the UK's top shopping and dining destinations. The Victorian-era Piccadilly Arcade and Selfridges' landmark building are as popular as the five Michelin-starred restaurants located in the city centre.

BIRMINGHAM IS A MEMBER OF BIOPHILIC CITIES, A GLOBAL NETWORK OF CITIES WHICH ARE DEDICATED TO IMPROVING THE CONNECTION BETWEEN RESIDENTS AND URBAN NATURE.

PROUD HOSTS OF 2022 COMMONWEALTH GAMES

Birmingham enjoys over 8,000 acres of green space and 571 parks – 15 of which have been awarded Green Flag status, an international accolade for good management and public accessibility.

Around 25% of the dynamic city is green space, making it the UK's fourth greenest city. Birmingham also boasts 53 miles of canals – even more than Venice.

St Joseph

St Joseph is the Berkeley Group's newest brand, created to bring our passion for quality and community building to Birmingham and the West Midlands. We plan to build beautiful homes and create communities that work for everyone.

Our name was inspired by the civic improvements delivered by Birmingham's 19th Century mayor, Joseph Chamberlain. We share his belief that an inspiring public realm is the cornerstone of a happy, thriving community and our commitment to deliver this to local people will be at the heart of everything we do.

*Estimated service charge is an estimate only and is subject to change. This estimated service charge does not include Communal Energy. The estimated service charge provides an indication of the anticipated expenditure for the first service charge year (which runs from 1 Jan - 31 December). The Managing Agents will issue you with a copy of the new service charge budget prior to the commencement of each forthcoming service charge year. The estimate is dated March 2022 and does not make allowances for increases due to RPI, inflation etc. from the date of preparation to legal completion. Terms of change that can affect the service charge include, but are not limited to, changes in industry or government legislation, unexpected cost and any other matters outside of the control of Berkeley St Joseph. The appointed Managing Agent may also charge additional fees, outside of the service charge, for items including, but not limited to, licences and consents, sub-letting, legal proceedings and re-selling / sales pack. Energy Costs will be charged in addition to the estimated Service Charge. The Energy Charges will be based on the current market rates at the time of usage and will vary based on individual usage. Date of issue: August 2023
