Waterview House

West London's new canalside neighbourhood

The high life on the water

Waterview House is the latest collection of apartments at Grand Union, a unique destination where people and community thrive.

Located in Alperton, close to Wembley and with convenient connections to the West End and City, Grand Union is a unique place to socialise, relax and play.

The new Canalside Piazza offers an energetic community place offering cafés, a waterside restaurant and an array of facilities. The creation of a state-of-the-art multi-storey industrial hub and high quality workspace makes Grand Union a truly exceptional waterside destination.

14 acres of open spaces which includes landscaped gardens, meadows and riverside walks to be enjoyed by the residents of over 3,350 new homes of the highest quality.

Industry & motorbikes

A brief history of Alperton

Alperton, first recorded in 1199 as 'Alprinton', is likely to have been a farmstead, or 'The Farm of Eahlbeort'

1199

1432

The area was a popular stag hunting location in Tudor and Stuart times. 1432 saw the first wooden bridge over the River Brent, connecting the North with the South

The Grand Junction Canal (later renamed The Grand Union Canal) was cut through the area in 1801. Its effect on trade was immediate and began the transformation of the site from agriculture to industry

1801

1850

Established brickworks on the site used the canal for shipping their products by barge, as did remaining farmers with hay for London's horses

1903

Alperton's station opened in 1903, later becoming an underground station on the Piccadilly Line in 1932

1920

The construction of the North Circular Road brought more industry in the 1920s and 30s – including the factory of Wooler Motorcycles, rubber and fireproofing industries

1938

The iconic Ace Café opened in 1938 and achieved legendary status as a bikers' hangout in the fifties and sixties, visited by rock 'n' roll luminaries like Gene Vincent and Billy Fury

1970

Ealing Road became known as the Asian Hatton Garden after the many jewellery shops selling gold that established themselves

Berkeley Group acquire the 22 acre site and began working with the local community to create and regenerate a 21st century development

2017

2019

The first phase of Grand Union launched mid 2019

SEGRO V-Park Grand Union

134,500 sq ft of workspace, where a variety of light industrial businesses will be able to innovate and grow

St George and SEGRO, a leading owner and developer of warehouse space, have formed a joint venture to bring forward the first urban multi-storey industrial development in the UK.

The pioneering development, known as SEGRO V-Park Grand Union, will provide employment opportunities for the local community and workspace for a variety of light industrial occupiers, ranging from tech start-ups and food and drink distributors to manufacturers and creative studios. It will benefit from shared meeting rooms, breakout areas and wellness spaces, including a roof terrace.

Within SEGRO V-Park Grand Union, the ground and first floors will be utilised to provide over 100 parking spaces, with electric vehicle charging points incorporated. Other sustainability features such as photovoltaic cells and an internal green wall will also help create a better environment for our occupiers and the community.

SAY
Hello

St George — designed for life

At Berkeley, we are committed to creating great places where people love to live, work and relax.

WHERE THE HOMES ARE LIGHT-FILLED, ADAPTABLE AND FINISHED TO VERY HIGH STANDARDS. WHERE CAREFULLY PLANNED PUBLIC AREAS ENHANCE WELLBEING AND QUALITY OF LIFE FOR RESIDENTS AND VISITORS. WHERE PEOPLE FEEL A SENSE OF COMMUNITY.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

Customer journey

At St George we know how important it is that you find a home that's perfect for you. So we're on hand to help, right from the start.

THE BUYING PROCESS CAN BE DAUNTING IF YOU'VE NEVER DONE IT BEFORE - BUT WE WANT TO MAKE IT AS EASY TO FOLLOW AS POSSIBLE. SO YOU'LL HAVE YOUR OWN CUSTOMER SERVICE.

Manager, appointed post exchange, who will be your point of contact for 2 years after completion — plus a secure online portal, MyHome Plus, to view all your documents and information, and a step-by-step guide to the journey.

MyHome Plus

myHome PLUS

MyHome Plus is a new online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

THIS SECTION PROVIDES YOU WITH A STEP-BY-STEP GUIDE TO THE BUYING PROCESS FROM RESERVATION THROUGH TO COMPLETION, MOVING IN AND WARRANTY.

At each milestone, the buying process section advises on the next steps so that you can be absolutely clear on your current position and what to expect next.

3. OPTIONS & CHOICES SELECTION

We are able to offer some choices on certain internal finishes of your new home. Whether this option is available to you will depend on what stage of construction the property has reached at the time of you making your reservation. See the next steps section for further detail on this.

4. CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

1. FILING CABINET

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

2. MEET THE TEAM

This section provides an introduction to the team that will be working with you throughout your journey and details their individual roles. You can email any member of the team directly via this section.

NEXT STEPS

- (i) Your Sales Consultant will send you a link that you will need to activate to access MyHome Plus. The link will require you to set a password for access.
- (ii) Customer Service will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes that you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley’s ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Grand Union.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to net biodiversity gain on our developments. Within and around Grand Union, we have created natural habitats that encourage wildlife to flourish. We are working with landscape architects Murdoch Wickham to engage residents in the natural landscapes that we have created.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are A and A+ rated.

NOISE REDUCTION

We can’t eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Grand Union we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation that filters the incoming air.

SUSTAINABLE TRANSPORT

Nearby Stonebridge Park station provides access to Oxford Circus in only 26 minutes*

We also provide secure and convenient cycle storage and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with our managing agent and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

Transforming Tomorrow

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

Battersea Reach

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.
