WELCOME TO THE CLOCKTOWER COLLECTION

Welcome to The Clocktower Collection in the Horlicks Factory, the flagship apartment building within Horlicks Quarter, a vibrant new destination in Slough that is the perfect base for enjoying all the rich and varied opportunities of London and the Royal County of Berkshire.

For more than 100 years, the globally famous malted milk drink was produced in the Horlicks Factory. Now this iconic Slough landmark has been meticulously refurbished to create 161 luxury, contemporary studios, one and two bedroom apartments and three bedroom duplex penthouses. On the top floor is a magnificent roof garden with views towards Windsor Castle.

Horlicks Factory sits amid green landscaped spaces, water features and tranquil gardens planned for year-round colour – all just a few minutes from the town centre and national and international transport connections.

An amazing range of residents' facilities inside the building adds zest to life at the Horlicks Factory – games room, concierge facility, fitness centre, cinema and a large,

well-appointed space for co-working or relaxing. An on-site café and day nursery are planned and there is a central piazza for open-air community activities.

Located at the heart of the Thames Valley tech corridor, just one stop (15 minutes) by train to London and 11 km (8 miles) from Heathrow, the Horlicks Factory is an ideal base for living and working, whether from home, locally or in the Capital. It is also close to excellent schools, colleges and universities.

Horlicks Quarter is an integral part of a major regeneration programme that will transform Slough into a small city of the future, with stunning modern architecture and many employment, cultural, entertainment and sporting opportunities.

LIVE IN A MODERN ICON

Since it opened in 1908, the Clocktower, red neon sign, and 47-metre-high chimney of the Horlicks Factory have dominated the Slough skyline as the town's most recognised and loved landmark. The Clocktower in particular has a story to tell. Legend has it that the royals had a small part to play in the design of the iconic structure. With beautiful views over Windsor Castle, the story goes that King Edward VII suggested the tower mimicked its castle design, the validity of this story has unfortunately been lost to history. A huge amount of work and love has gone into this restoration – sustainably sourced stone and choosing textures and colours that complement its natural features.

Taking inspiration from its architectural and industrial heritage, Berkeley has transformed the Horlicks Factory to provide luxury studios, apartments and penthouses set in landscaped grounds with water features, gardens, play areas and cycle routes.

IN SIGHT OF ROYALTY

Beautiful and historic Windsor, the site of one of the principal royal residences, is just a short drive from Slough. Windsor offers excellent shopping, entertainment and education at the renowned Eton College. Windsor Castle can also be seen from Horlicks Quarter.

A PLACE OF GROWTH & OPPORTUNITY

Slough combines the diversity of London urban living with all the benefits of provincial life: lunches in Buckinghamshire's country pubs, and afternoons out in Windsor and Eton, are only a stone's throw away for weekend enjoyment.

SLOUGH

PERFECTLY PLACED

Slough is very close to areas of extraordinary natural beauty, including the Chilterns and Surrey Hills; great sporting venues such as Ascot, Henley-upon-Thames, Epsom and Wembley; and children's favourites, Thorpe Park and Legoland.

The M4 Junction 5 is a 3 km (2 miles) drive from Slough's town centre, connecting easily to Heathrow Airport at junctions 4 and 3. Lying 35 km (22 miles) west of London, 32 km (18 miles) from Reading and 6 km (4 miles) from Windsor, Slough is arguably one of the best-connected towns in the south of England.

UNRIVALLED CONNECTIONS

Slough railway station, just 0.5 km (0.3 miles) walk from Horlicks Quarter, is on the GWR line, one stop (15 minutes) by train to central London (Paddington), putting everything the Capital has to offer within easy reach.

The new Elizabeth Line will make the daily commute even easier, providing direct connections across London to Bond Street in 11 stops (31 minutes) and Canary Wharf in 16 stops (46 minutes).

A proposed new train line extension, the Western Rail Link (scheduled for 2028), will run between Slough and Heathrow, taking one stop (7 minutes).

A BRIGHT FUTURE FOR SLOUGH

Slough has been a centre of innovation and invention for 250 years. This spirit of enterprise continues - today's town is forward-thinking, dynamic and inspirational, full of purpose, vitality and pride.

Slough has been tipped as Europe's Top Small City of the Future by the Financial Times magazine fDi, which covers foreign direct investment. Its workers are among the most productive in Britain according to the Centre for Cities Outlook (2020) with the town's average weekly wage, a key determinant of house price growth, growing rapidly.

The reason for this high productivity is not hard to find; Slough is home to Europe's largest business estate in single ownership with around 600 businesses and 20,000 employees. It has an unusually high number of large global or UK headquarters, including those of O2, Mars and HTC. As well as the ability to attract highly paid jobs, Slough has an excellent record of generating new businesses too with one of the most successful business start-up rates outside of London.

The region in which Slough sits, the Thames Valley, has been one of the wealthiest parts of Britain for centuries. This partly reflects its close proximity to London, with Slough now seamlessly connected to the tube network via the Elizabeth Line. The region also benefits from its royal connections - Slough is just a few miles from Windsor Castle, and Eton College, founded by an English king in the fifteenth century, is two miles away.

Despite all these factors, Slough's average property price is only £371,000, up to 45% less than the London average (Land Registry). Prices have also increased by 3.4% in the 12 months to September 2021 according to the Land Registry, with prices in the south east of England, which includes Slough, forecasted to grow by 10.4% in the next five years compared to 5.6% in London (Savills Research). As a town in the early stages of regeneration, the future of Slough for home investors and owners is bright and exciting.

DESIGNER SHOPPING

There is a great range of shopping within a short drive of Horlicks Quarter, including Windsor Royal Station and Bicester Village designer outlet.

INDULGE IN YOUR PASSION

For shopping, nearby Windsor has a 40-store covered precinct, delightfully converted from the old station building – and you can be there in one stop by train.

Designer bargains can be snapped up at the Bicester Village outlet, with more than 160 designer fashion outlets and restaurants in one traffic-free space. From Ralph Lauren to Prada, you're bound to find a bargain. Westfield at Shepherd's Bush, Europe's biggest shopping centre, is a 33 km (20 miles) drive away.

All the top high street brands have major stores here. The Oracle indoor shopping and leisure mall in Reading is 32 km (19 miles) by car or one stop (12 minutes) by train, right along the banks of the River Kennet.

GET THE MOST OUT OF LIFE

When it comes to the social scene, you are spoilt for choice in and around Slough. There is a wide range of trendy coffee shops, lively bars, great pubs and restaurants, all serving authentic cuisine and creating a great dining and drinking experience. If you prefer fine dining, choose from one of eight Michelin-star restaurants nearby, headed by top chefs including Heston Blumenthal, Alain Roux and Tom Kerridge.

Closer to home, you can enjoy the on-site café within the Factory at Horlicks Quarter, set alongside the water feature at Clocktower Place.

A CENTRE FOR EDUCATION

When it comes to getting a great education, Slough has some of the best state and independent schools, from nursery, right up to university and postgraduate. Add in the wider Berkshire and Buckinghamshire area, and the choice of high performing educational establishments is even better.

An exceptionally high percentage of schools in Slough have been classed as Outstanding or Good by Ofsted or Independent Schools Inspectorate. Berkshire operates a selective 11+ system and many of its grammar schools rank highly. Within a few minutes by car or train from Horlicks Quarter are some of the UK's most prestigious independent schools including Heathfield School, St George's Ascot, Wellington School and Eton College.

For higher education in London, Horlicks Quarter offers a convenient and affordable alternative to living in the Capital and puts world-renowned centres of learning, including King's College, Imperial College, UCL and LSE, within easy daily reach. Equally eminent universities nearby include Oxford University, the University of Reading, which incorporates Henley Business School, and Royal Holloway, with an excellent reputation in business, science and engineering.

AN HISTORIC LANDMARK

Horlicks Quarter will see the restoration of the locally Listed Horlicks Factory, the Clocktower and Factory Chimney as they become the focal point of a new community. Contemporary new buildings will blend seamlessly with the historic. The effect is distinctive, smart and chic – urban living at its finest.

SINCE 1908

1873

James Horlick, a pharmacist, joined his brother, William, in the US and together they founded the company J & W Horlicks in Chicago to manufacture a patented malted milk drink as an artificial infant food.

1890

James returned to London to set up an office importing the US-made product.

1906

James Horlick bought a greenfield site from Eton College.

1908

The Horlicks Factory construction, completed at a cost of £28,000, was open and operational.

1914

James was made a baronet. World War I saw extensive use of Horlicks drink.

1929

The Factory was further extended in 1929 and later in 1939.

1969

By 1969, the extended Factory produced 30 million pounds of powder a year. Horlicks was bought up by the Beechams family.

2018

The Slough Factory was in continuous production until 2018, when the premises were closed and sold.

"The last pallet has been wrapped and shipped, the plant is silent. Our team transitions to new chapters in their lives. The site will reincarnate itself and breathe new life, the Remembrance Memorial will stand testament to our being here."

MARTIN HOULIHAN,
HORLICKS FACTORY SITE DIRECTOR, 2018

"I have fond memories of many hours spent working at the Horlicks Factory. It's great that these iconic treasures will remain a key part of the town's heritage for many years to come."

DIPAK GOEL,
LOCAL SLOUGH RESIDENT, 2021

THE MAKING OF A GLOBAL BRAND

Throughout most of the 20th century, the Horlicks brand enjoyed a formidable reputation, thanks largely to ingenious marketing that never failed to catch the sentiment of the day, ensuring the Horlicks name was associated with great human endeavour and achievement.

The Horlicks Factory today retains a façade similar in almost every respect to the original 1908 building, which once housed the factory floor and store rooms, together with luxuriously panelled meeting rooms and offices.

Beautiful art deco ceilings and detail to the stone lintel were added when the Factory was extended in 1929 and again in 1939.

A VISION FOR THE HORLICKS FACTORY

The Horlicks Factory in Stoke Poges Lane is one of the most striking historical, industrial buildings still standing in Slough. The Factory building itself achieved locally Listed status in 1999 and has played a key part in the economic growth of Slough for over a hundred years.

Berkeley acquired the Horlicks Factory site in 2019, and our aim was to not only secure the Horlicks Factory with a viable future but also to celebrate the industrial history of the site and retain its role within the local community.

The Factory gives the site its identity and key iconic landmarks such as the chimney, red Horlicks lettering, clocktower and war memorial have remained central to the scheme. New buildings have been designed to complement the existing architecture. Our use of materials will also contribute to the unique character of the landscape, whilst maintaining a relationship with the site's industrial past.

One design challenge was to try and open up the internal space and bring more light into the building. By redesigning the central section from the lower ground floor right up to the roof, we have succeeded in creating an amazing full height atrium in the heart of the Factory.

Direct sunlight will flood the space and sunken terraces have allowed us to maximise the use of the lower ground floor. Our approach has enabled us to create an indoor private amenity space without compromising on the external features and proportions of the Factory.

Retained exposed steels within the atrium create a nod to the industrial heritage of the building. The new atrium has allowed us to design dual aspect apartments with each floor featuring floating walkways that overlook the beautiful internal garden. A glass elevator will allow residents to enjoy the view, as they travel up to the rooftop garden.

The crowning glory on the Factory building is an innovative rooftop extension which introduces high quality architecture to the existing building fabric. Adding a 21st century layer will enhance the building and honour the move to a new residential use.

DAVID TAYLOR, (RIBA)
Design Director, Berkeley Homes

HORLICKS FACTORY ATRIUM

LIFE AT HORLICKS QUARTER

Horlicks Quarter brings new life and energy to central Slough with large attractive outdoor spaces, an on-site nursery, local store, traffic-free footpaths and cycleways. Within the Horlicks Factory we have created a range of facilities designed to make residents' lives easier, fun and sociable – from a games room, gym, co-working space, to the stunning rooftop garden.

LIFESTYLE

EVERYTHING ON YOUR DOORSTEP

It's a mere 0.5 km (0.3 mile) walk from your home to the mainline train station. The vibrant town centre is just a few minutes further for supermarkets, a public library and cultural centre, entertainment and sports facilities. Parks and open green spaces are also nearby and Windsor Castle is 6 km (4 miles) away.

HORLICKS QUARTER

The Horlicks Factory is the iconic landmark and centrepiece of the development, close to the gardens and housing all the residents' facilities.

THE CLOCKTOWER COLLECTION

HORLICKS QUARTER

AQUIFER GARDENS

Aquifer Gardens take you on a journey that inspires the senses. Running through the heart of the development is a series of meandering interconnected paths and water features.

AMAZING SPACES WHERE RESIDENTS CAN MEET

A Berkeley new development is always about people. First and foremost, it is about transforming individual lives and building strong communities. We create neighbourhoods where people love to live, where they feel at home and can be themselves.

Before planning even starts, we take the time to find out just what will make a wonderful community for the people who will live on the development. Then we ensure we provide the right facilities and environment to make that happen.

Horlicks Quarter is no exception. Here you will find amazing spaces where residents can meet, hold social events that bring everyone together, enjoy an energetic workout or the simple peace of the gardens.

COMMUNITY

THE CLOCKTOWER COLLECTION

HORRICKS QUARTER

THE CLOCKTOWER COLLECTION

CLOCKTOWER PLACE

The focus of social activity for the whole community. Here you can linger over coffee and pastries in the Factory Café beside the fountain.

MEMORIAL SQUARE

Horlicks Quarter will incorporate the restoration of the Grade II Listed war memorial 'Grief', which once stood in the grounds of the former Factory. The bronze statue of a woman in grief was sponsored in 1949 by the company to honour Horlicks family members and employees across the world who gave their lives during the First and Second World Wars. The war memorial will be relocated to an enhanced setting as part of the new Memorial Square, a place for residents and local community to enjoy, as well as reflect on the past.

WELCOME HOME

Taking inspiration from its architectural and industrial heritage, Berkeley has transformed the Horlicks Factory to provide luxury apartments and penthouses, set in beautifully landscaped grounds.

The Clocktower Collection has been purposely designed around the large glass atrium which floods the building with light. As well as enjoying impressive natural light, the Collection's dual aspect apartments open onto feature floating walkways that overlook the atmospheric internal gardens below.

ICONIC

LIVING AND DINING

The open-plan living and dining area is light and spacious, with timber-effect flooring and all of the electrical and home entertainment appliances fit for modern living.

HORLICKS QUARTER

THE CLOCKTOWER COLLECTION

KITCHEN

The individually designed, luxury kitchens have a contemporary, industrial feel, with a blend of materials, including simple stone worktops, Bosch appliances and LED lighting.

BATHROOM

The modern bathrooms and ensuites (where applicable) have a luxurious finish and sleek fittings, in keeping with the industrial theme of the development.

BEDROOM

Bedrooms feature smooth, sleek finishes in a minimalistic palette of cool and calming natural hues to create a relaxing retreat.

WORKING FROM HOME

Put in a day's work in the beautiful surroundings of your own home with the reassurance of superfast broadband connectivity.

DUPLEX

SUSTAINABILITY AT HORLICKS QUARTER

Within and around Horlicks Quarter, we have created green spaces and natural habitats that encourage wildlife to flourish.

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Horlicks Quarter.

NATURE AND BIODIVERSITY

Parklands and gardens formed from trees, flowers, hedges and water features – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of Slough. Each of these elements is part of our commitment to a net biodiversity gain on our developments. At Horlicks Quarter, we have created habitats that encourage wildlife to flourish. We are working with landscape architects to provide a contemporary, wildlife-friendly landscape, that engages with our residents.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and basin taps with flow regulators which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness. All lighting is low energy with most kitchen appliances 'A' rated as a minimum.

NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Horlicks Quarter we have planted trees, shrubs and flower beds to help create a cleaner air environment.

SUSTAINABLE TRANSPORT

We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with managing agents and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

DIRECTIONS

BY CAR FROM READING M4
3 KM (1.8 MILES)
At Junction 6, take the A355 exit
to Slough Central / Windsor A332.
At the roundabout, take the 1st
exit onto Tuns Lane / A355.

BY CAR FROM LONDON M4
3 KM (1.8 MILES)
At Junction 6, take the A355 exit
to Slough Central / Windsor A332.
At the roundabout, take the
3rd exit onto Tuns Lane / A355.

FROM TUNS LANE / A355

At traffic light junction turn right
onto Bath Road / A4 and continue
to follow A4 (passing Salt Hill Park).
Continue along A4 until you reach
Stoke Road / B416 Junction. Turn left
at traffic lights onto Stoke Road
(Slough Bus Stop and Train Station
on your right hand side). Over the
railway bridge at next traffic light
junction turn left onto Stoke Gardens.

By foot from Slough Station 0.5 km
(0.3 mile) exit the station via Platform 5
and turn left onto Railway Terrace.
At the end of Railway Terrace turn
right onto Stoke Road / B416. At the next
junction turn left onto Stoke Gardens.

CBRE

The information in this document is indicative and is intended to act as a guide only as to the finished product. Accordingly, due to Berkeley policy of continuous improvement, the finished product may vary from the information provided. In particular please note that the Horlicks Factory is not a newly built building, but is the conversion and refurbishment of an existing building. The company has therefore sought to retain the character and preserve original features whilst providing good quality homes, therefore purchasers are invited to raise any queries they have in this regard with their solicitors. These particulars should not be relied upon as statements of fact or representations and applicants must satisfy themselves by inspection or otherwise as to their correctness. This information does not constitute a contract or warranty. The dimensions given on plans are subject to minor variations and are not intended to be used for carpet sizes, appliance sizes or items of furniture. All measurements may vary within a tolerance of 5%. Applicants are advised to contact Berkeley to ascertain the availability of any particular property. Horlicks Quarter, The Clocktower and Horlicks Factory are marketing names and will not necessarily form part of the approved postal address. The residents' facilities and amenities at Horlicks Quarter are proposed and delivery will be phased. Computer generated images and lifestyle photography are indicative only and not necessarily of Horlicks Quarter. Planning permission P/00094/039 (Slough Borough Council), Issue date: February 2023, 0433/05CA/0223.
