WELCOME TO SAFFRON WHARF AT LONDON DOCK

Saffron Wharf is the latest addition to London Dock, one of the Capital's most exciting new neighbourhoods. Close to all London's leading business, education and entertainment centres, it is an area with a rich history and a dynamic future.

Choose from Manhattan, one, two and three bedroom apartments, meticulously designed to match the needs of contemporary living. All apartments enjoy access to private landscaped spaces, attractive squares and boulevards with stylish shops, chic restaurants and the coolest bars. For a relaxed, cosmopolitan lifestyle, there is no better choice than Saffron Wharf.

DISCOVER SAFFRON WHARF AT LONDON DOCK

Saffron Wharf sits at the heart of London Dock, right at the centre of activity and just a few steps from its amazing amenities. An inviting new neighbourhood set within 7.5 acres of open space. You can stroll along the tree-lined Pennington Quay Walk, explore the delightful award-winning gardens, or visit Gauging Square - a bustling area surrounded by shops, bars and restaurants.

AT LONDON DOCK WE PUT
EMPHASIS ON LANDSCAPING
AND OPEN SPACE

LIVING AT SAFFRON WHARF

Centrally located in London Dock overlooking the Pennington Quay Walk, Saffron Wharf is a magnificent 18-storey building offering 251 contemporary apartments. These beautiful homes have been brought to life with inspiration and influence from London Dock's historical past and carefully designed to create effortless living spaces. With private balconies that look out over the Pennington Quay Walk, boulevards or Winter Garden and from the upper floors enjoy views of the River Thames and Canary Wharf.

THE CHOICE IS YOURS

Generously-sized and exquisitely appointed Manhattan, one, two and three bedroom apartments. At Saffron Wharf the apartments are designed for effortless and relaxed contemporary lifestyles.

The high quality materials and standard of finish make these a superb choice of home in an amazing location.

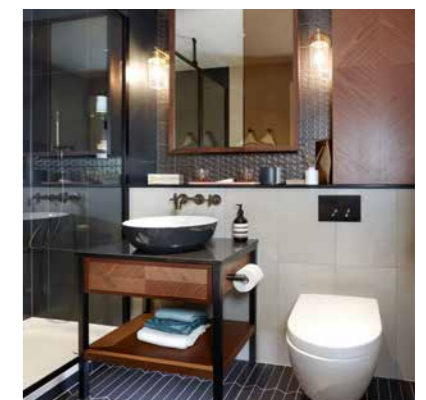

PEARL COLLECTION

Let the light flood in at Saffron Wharf. Engineered timber floors and light carpets bring the outside inside, allowing you to indulge in city living with a real feeling of space and calm.

Internal photography of show apartment, indicative only.

ONYX COLLECTION

Enjoy urban sophistication at London Dock. Black framed bathroom fittings with brushed black fixtures, combined with dark carpeting in bedrooms, bring extra opulence and luxury to your new home.

Internal photography of show apartment, indicative only. Your attention is drawn to the fact that in rare circumstances it may not be possible to obtain the exact products or materials referred to in the specification. St George reserves the right to alter, amend or update the specification, which may include changes in the colour, material or brand specified. In such cases, a similar alternative will be provided. St George reserves the right to make these changes as required. A number of choices and options are available to personalise your home. Choices and options are subject to timeframes, availability and change.

CREATED BY ST GEORGE – OUR DIFFERENCE

OUR VISION IS TO DEVELOP SITES THAT HAVE BEEN CLOSED TO THE PUBLIC FOR DECADES AND RECONNECT THEM TO THE COMMUNITY.

We want the places built by St George to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe.

We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments.

To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

AT ST GEORGE, WE DESIGN FOR LIFE

Transforming unique parts of the Capital is our speciality. We sustainably regenerate previously neglected areas into high-quality and mixed-use housing, creating new spaces where people are both happy and proud to live.

London is a city in global demand and uncovering space to create suitable housing to meet that demand is harder than ever. We achieve the seemingly impossible by searching out overlooked and under-appreciated areas that can be transformed into beautiful housing that meets the needs of aspirant city-dwellers.

We believe people, partnerships, and a shared vision are key to successfully delivering thoughtfully designed homes and to create thriving communities.

We have been designing and building such spaces for decades. We are driven to create a lasting legacy for the Capital and its people, through collaboration and partnerships.

ST GEORGE AIMS TO BUILD YOUR HOME TO A HIGH STANDARD OF DESIGN AND QUALITY AND HAS OVER 40 YEARS OF EXPERIENCE OF DELIVERING.

When you buy a new home from us it comes with a 10-year LABC warranty – the first two years of which are covered by St George. However, over and above this, we will take a reasonable approach to resolving issues, even if they fall outside of the warranty criteria or time periods. In other words, we will stand by our product and work with you to find an appropriate, fair and reasonable resolution to any issues that may arise in the future. All our customers are provided with a commitment that when they buy a new home from St George, they can be safe in the knowledge that it is built to a high standard of design and quality, has low environmental impact and that will enjoy an exceptional customer experience.

CUSTOMERS

Choosing your home is one of the most exciting and important decisions you can make, but it is also a challenge. From location to amenities, connections to education, there are so many factors to weigh up.

At St George, we understand what you're looking for in a new home and we are dedicated to designing and building exceptional places that meet your needs.

We design for everyone, from families to first-time buyers, students to retirement communities, always considering the ever-changing need for space innovation and integrated technology.

The service we provide goes beyond the contract, committing to the developments we create and our long-term involvement with those who live there. To us, places are about people.

CUSTOMER RELATIONS

WE WANT TO ENSURE YOU ARE HAPPY WITH EVERY ASPECT OF YOUR NEW HOME, SO WE LOOK AFTER OUR CUSTOMERS AT EVERY STAGE WITH EXPERT ADVICE, ATTENTION TO DETAIL AND CONTINUOUS COMMUNICATION. FROM EXCHANGE OF CONTRACTS, YOUR DEDICATED ST GEORGE CUSTOMER SERVICE REPRESENTATIVE WILL HELP WITH ANY QUESTIONS YOU MAY HAVE.

HERE IS WHAT YOU CAN EXPECT:

- From the day you reserve – until the day you complete – we'll update you regularly on progress
- You will be able to create your MyHome Plus account and access this online platform to view all the information about the development, your property, the construction progress and the buying process
- Sustainability is high on any responsible builder's agenda. We promise to fully communicate the environmental features of our developments to all of our customers
- Our Customer Relations Manager will present a selection of designer-conceived colour palettes to help you find the interior finish that most suits your style
- We personally hand over your key on completion day and make sure everything is to your satisfaction
- Upon handover, we'll meet you on site to demonstrate all the functions and facilities of your new apartment
- The 2-year warranty with 24-hour emergency service has a dedicated customer service telephone number and from the 3rd to the 10th year you'll have the added security protection of a 10-year building warranty
- Finally we'll contact you after 7 days, at 4 weeks and 7 months after you move in, to make sure everything continues... perfectly

LONDON DOCK

SAFFRON WHARF

DESIGNED FOR LIFE

AT ST GEORGE, WE ARE COMMITTED TO CREATING GREAT PLACES WHERE PEOPLE LOVE TO LIVE, WORK AND RELAX. WHERE THE HOMES ARE LIGHT-FILLED, ADAPTABLE AND FINISHED TO VERY HIGH STANDARDS. WHERE CAREFULLY PLANNED PUBLIC AREAS ENHANCE WELL-BEING AND QUALITY OF LIFE FOR RESIDENTS AND VISITORS. WHERE PEOPLE FEEL A SENSE OF COMMUNITY.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions. And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two St George customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of St George developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care.

When you buy a new home from Berkeley you can be safe in the knowledge that it is built to the highest standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

For St George, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption and to enable residents to recycle waste.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

MYHOME PLUS

MYHOME PLUS IS AN ONLINE SERVICE THAT IS DESIGNED TO HELP YOU MANAGE KEY ASPECTS OF YOUR NEW HOME AT ANY TIME FROM ANYWHERE AROUND THE WORLD.

THIS SECTION PROVIDES YOU WITH AN OVERVIEW OF MYHOME PLUS' KEY FEATURES TO ENHANCE YOUR CUSTOMER JOURNEY.

1. FILING CABINET

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

2. MEET THE TEAM

The section provides an introduction to your dedicated Sales Consultant and Customer Service Manager. You will be able to view their contact details and contact them directly from the platform.

3. OPTIONS & CHOICES SELECTION

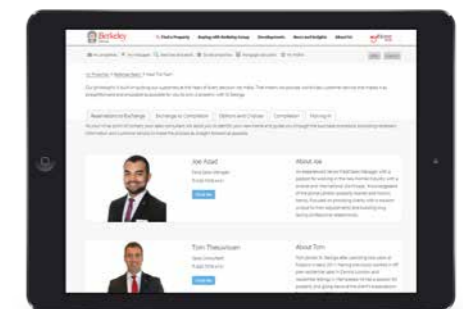

When you buy a home with us, you will have the option to choose some of your home finishes. This will be subject to the development and property building stage but it's a chance to make it feel truly yours. You will be able to see the different options, the selection deadline date and submit your choice in this section of MyHome Plus. See the "next steps" section for further detail on this.

4. CONSTRUCTION PROGRESS

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

5. MY GUIDES

View and download your buying and living guides to support you step-by-step through your journey with us.

NEXT STEPS

1. Your Sales Consultant will send you instructions to create and validate your MyHome account. Once your account is validated, your Sales Consultant will assign your property to your MyHome account and your account will be upgraded to a MyHome Plus account.

2. Customer Service will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes which you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.

OUR VISION 2030

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

Please scan this QR code for more information on how we are TRANSFORMING TOMORROW

OUR VISION
2030
TRANSFORMING TOMORROW

THE BERKELEY FOUNDATION

WE ARE COMMITTED TO MAKING A REAL AND LASTING DIFFERENCE TO THE COMMUNITIES WE SERVE.

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future. Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.

SUSTAINABILITY

THIS IS HOW WE ARE ENSURING SUSTAINABILITY AT SAFFRON WHARF

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to St George's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Saffron Wharf.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around Saffron Wharf, we have created natural habitats that encourage wildlife to flourish.

NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Saffron Wharf we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are A or A+ rated.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

SUSTAINABLE TRANSPORT

London Dock is situated within walking distance to multiple bus stops and Overground, Underground and DLR stations. Buses and trains provide regular and reliable transport around London and surrounding areas. We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with Premier Estates and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.
