# LIVING & LEARNING

**FOR YOUNG MINDS, LONDON DOCK MEANS ACCESS TO WORLD-LEADING INDEPENDENT SCHOOLS, COLLEGES AND UNIVERSITIES ACROSS THE CAPITAL.**

Not only does London Dock offer a spectacular location close to the River Thames and the heart of the City of London, it offers a wealth of learning opportunities for those who live there.

There are welcoming nurseries, pre-schools and excellent primary schools within walking distance. For older children, highly rated secondary schools are nearby, while London's world-class colleges and universities are also within an easy reach.

# MULBERRY ACADEMY LONDON DOCK

**MULBERRY ACADEMY LONDON DOCK IS PART OF THE MULBERRY SCHOOLS TRUST FAMILY. IT IS AN EXCITING NEW ADDITION TO THE EDUCATIONAL LANDSCAPE OF WAPPING.**

Officially opened in September 2024, this mixed secondary school for students aged 11–19 is set to expand progressively each year, aiming to reach a full capacity of 1,260 students by 2029. This phased approach allows for the thoughtful development of the school's culture and educational standards. By 2029, Mulberry Academy London Dock intends to be a vibrant centre of learning, accommodating 900 students across all secondary year groups (11–16) and 360 students in the Sixth Form.

At its core, the school's curriculum is designed to be diverse and holistic, fostering not only academic excellence but also nurturing artistic and creative talents. This will prepare students for the multifaceted demands of the modern world, equipping them with skills that extend beyond traditional classroom learning. An emphasis on innovation and sustainability is clear, training students to become thoughtful and proactive citizens in a rapidly evolving society. The curriculum draws inspiration from Brunel's engineering achievements and the dynamic trade history of London Docks, making education at Mulberry Academy London Dock both historically enriching and forward-looking.

The new school building is a testament to modern architectural innovation. Designed using Passivhaus technology, it ensures optimal air quality and energy efficiency, creating a healthy learning environment for students. The design is not only functional but also embraces the rich heritage of Wapping.

The academy's architectural design includes extensive green spaces and state-of-the-art sports and leisure facilities. These areas will not be limited to student use; they will eventually be accessible to the local community, fostering a sense of shared space and community engagement. This commitment to public access underscores the school's role as a community hub, promoting physical well-being and contributing to the fabric of Wapping.

The Mulberry Schools Trust has a long-standing reputation for educational excellence. Established through its founding school, Mulberry School for Girls, the Trust has over 50 years of experience delivering outstanding education in East London. The Trust's vision of outstanding achievement for all is clear and ambitious: to ensure that every student graduates highly qualified, confident, and articulate. This vision is supported by a strong belief in the power of partnerships with families, local schools, and the wider community.

For residents, Mulberry Academy London Dock represents an exciting and dynamic addition to the neighbourhood. It offers not only top-tier education for children but also a vibrant community space that will benefit locals. This new school is poised to become a beacon of learning and community spirit in Wapping, embodying the principles of the Mulberry Schools Trust while reflecting the rich heritage of its surroundings.

## UNIVERSITIES AND COLLEGES

Some of the world's most prestigious universities and colleges are based in London and within an easy reach from London Dock, such as the Royal College of Art, Imperial College, King's College, University College of London and the London School of Economics. The future of the arts, medicine, technology, business and politics will be defined in these institutions, and a home in London Dock will be perfect for those who will help shape that future.
