Oval is a hidden gem for food and drink. Vauxhall has not one, not two, but three food markets with dishes from sizzling Argentinian grill to tacos.

The Black Dog serves craft beers and pub food just a short walk away. For fine dining, book a table with jaw-dropping views at JOIA or try modern Japanese dishes at Evernight. Whatever you're craving, it's on the menu.

AT THE HEART OF THE ACTION

SHAPED BY NATURE, CONNECTED BY DESIGN

With 2.5 acres of beautifully landscaped gardens, ultra-convenient amenities and an already established community, Oval Village is more than just a home.

A POWERFUL PAST. A VISIONARY FUTURE

HERITAGE MEETS HARMONY

Designed by renowned landscape architect studio HTA Design, the gardens in Oval Village blend heritage with sustainability. Retained as public art, a stunning waterfall cascades down an historic gasholder frame. The Phoenix Pond, adorned with a phoenix sculpture, offers a perfect place to sit and enjoy your surroundings. As the tranquil water ripples gently across the lush gardens, one can experience a new level of urban calm.

Historical photography of The Gasholder No.1

A MASTERPIECE OF VICTORIAN ENGINEERING

Oval Gasholder No. 1 was a pinnacle of 19th-century innovation. Installed in 1847, this wrought iron giant was the world's largest gasholder at the time. But it's not just an enduring symbol of Britain's engineering achievements. The gasholder later became an iconic backdrop to cricket matches at the Oval, loved by fans around the world.

THIS IS WHERE LEGENDS ARE MADE

The Kia Oval Cricket Ground has been the stage for some of the most legendary moments in cricket history. It was here that the first-ever Test match between England and Australia was played in 1880, establishing a rivalry that would define international cricket. Home to Surrey County Cricket Club since 1845, this world-famous stadium holds a rich legacy in the sport.

Housed within the frame of an historic gasholder, The Halo is anything but ordinary. Despite the building's circular form, each apartment is designed with practical, well-balanced layouts for comfortable living.

THE PROUD LANDMARK OF OVAL VILLAGE

The Halo stands as the centrepiece of Oval Village – a shining example of an urban transformation that honours the past, yet feels boldly contemporary.

WHERE LIFE UNFOLDS IN BEAUTIFUL RHYTHM

The Halo is designed to adapt to your lifestyle, not the other way around. Clever layouts and large windows make the living room spacious and airy. High-end flooring creates a seamless, modern feel, while crafted details like dark bronze ironmongery add unique character to the space.

A POWERFUL PAST, A VISIONARY FUTURE

MADE FOR DISCERNING CHEFS

In the individually designed kitchens, sleek cabinets feel decidedly contemporary, while the marble-effect backsplash and worktop introduce timeless elegance. Add a bold colour accent or opt for all neutrals with three palette options to choose from.

RECHARGE AND RECALIBRATE

Your bedroom retreat offers warmth and comfort with carpeted floors, complemented by a feature wardrobe with sleek concealed lighting. Finishes like chrome handles and elegant painted architraves pay subtle homage to The Halo's Victorian heritage.

LUXURY FLOWS THROUGH EVERY DETAIL

THE HALO

Calculated contrasts of texture and colour give the bathroom its irresistible character. The feature tiles in the shower stand out against the neutral palette, subtly defining a distinct relaxation zone. Lighting around the mirror casts a soft glow and tall mirrors amplify light and space, for the perfect spa ambience.

WHY BERKELEY?

Our mission is to create high-quality homes, enrich communities, and leave a lasting, positive impact on people's lives. The homes at The Halo are undeniably beautiful, but we offer more than just aesthetics. With innovative sustainable solutions, wildlife-friendly landscapes, and a commitment to fostering vibrant communities, we go above and beyond in every aspect.

Photography of West End Gate

DESIGNED FOR LIFE

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of nature, amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity.

All our homes are designed to reduce water and energy consumption, promote recycling and enable residents to choose sustainable transport options.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

TRANSFORMING TOMORROW

At Berkeley our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers. Our Vision 2030 is our ten year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

SUSTAINABILITY AT OVAL VILLAGE

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, well-being and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Oval Village.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to achieve a net biodiversity gain on our developments. At Oval Village we will transform a brownfield site (historically used for industrial purposes) into a brand new destination which features 2.5 acres of public space.

We have worked with our landscape architects to introduce green spaces with extensive landscaping and tree planting. Green and brown roofs also form part of the strategy to support local wildlife and boost biodiversity.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. We provide integrated recycling bins within kitchen units to make it easier to separate and recycle different types of waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. Rainwater harvesting is also in place for the wider development, with water captured during periods of rainfall, stored underground and then used to irrigate landscaped areas.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). Each home has a smart energy meter, so residents can monitor usage, whilst all lighting is low energy and kitchen appliances are energy efficient. The Halo benefits from roof mounted solar photovoltaic panels (PV), which generate energy to help power communal areas.

NOISE REDUCTION

We can't eliminate noise, but we do consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We consider room layout and incorporate insulation to create a quieter environment wherever possible.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Oval Village we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air, whilst the paints and adhesives used have low levels of volatile organic compounds (VOCs) to ensure a healthy indoor environment.

SUSTAINABLE TRANSPORT

We provide secure cycle parking and electric car charging points to encourage the use of sustainable methods of transport. Extensive walking and cycling routes through the site also ensure easy access to bus, tube and rail links. A car club is available to residents whilst a number of Santander cycle hire stations are also located near the development.

COMMUNITY & STEWARDSHIP

We want to ensure that Oval Village develops into a thriving community, where people get to know their neighbours and enjoy a great quality of life. The development will have key amenities and places to meet, including communal gardens, an open plaza, children's play spaces, a brand new supermarket, and over 100,000 square feet of commercial and community space. Oval Village will also have a community plan, and we will support the development of a resident led community committee and provide funding to run clubs and events aimed at bringing people together.

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with the Estate Management Team and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs. Adaptation features at Oval Village include green and brown roofs, rainwater harvesting and sustainable urban drainage.

NEXT STEPS

01

Your Sales Consultant will send you instructions to create and validate your MyHome account. Once your account is validated, your Sales Consultant will assign your property to your MyHome account and your account will be upgraded to a MyHome Plus account.

02

Your Customer Relations Manager will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes that you have an option to select.*

*If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.
