Each individual apartment has been reviewed in meticulous detail by the Berkeley Homes team and Foster + Partners, creating homes with style, sophistication and warmth.

Materials of the highest quality have been sourced from suppliers across the globe to create the very finest specification. These include bespoke Italian lacquered wardrobes, bespoke feature tiles designed in Italy purely for SQP, Italian kitchens, Swiss engineered timber flooring and German engineered kitchen appliances*.

As well as superb design quality, clients at SQP have a choice of three colour schemes to select an interior scheme that best suits their taste. Inspired by the ever present water views, the Adriatic, Aegean and Levantine palettes offer a choice of light, medium or dark finishes to the interior specification.
