Mind, body and soul

At Trent Park, the wellbeing of our residents is really important – our events programme promotes community, friendships between neighbours and a healthy lifestyle.

Get together

RESIDENT'S BBQ

Community spirit is at the heart of Trent Park and we thoroughly enjoyed our residents' BBQ in August. As life is becoming busier again and more people move in, the event gave our residents the opportunity to get to know their new neighbours. Incredible food, drinks and live music – courtesy of Judge Events - were all enjoyed in the Long Garden by the Orangery.

I absolutely love playing tennis and it's such a fun way to keep active.

RESIDENTS' YOGA EVENT WITH SARAH HIGHFIELD

We were joined by Sarah Highfield, founder of Yogagise, at a residents' yoga event set in the tranquil surroundings of the North Lawn. A dozen of our residents joined Sarah for an early morning session – a fantastic way to relax the mind and body and start the day in the right way.

I absolutely love playing tennis and it's such a fun way to keep active.

Once I knew our new home had access to private tennis courts, I couldn't wait to reach for my racket.

Spotlight on the Japanese Water Garden

Located in Trent Country Park, the Japanese Water Garden is the ideal place to relax and reflect. Sir Phillip Sassoon laid this landscaped spring garden under a canopy of oak and ash in the late 1920s. Azalea, Camellia, Cherry and flowering Crab were just some of the plants Sassoon included in his work. The garden received its name as a result of the opening in the garden which was dressed with Azaleas and a wooden bridge – creating a Japanese effect.

The garden was abandoned for forty years and restoration efforts began in 1980. The historic and characterful garden is filled with a spectacular variety of flowers including Hydrangeas, Viburnums, Kolwitzia and Sambucus.

Park staff and community group The Friends of Trent Park go above and beyond to extend the flower season and ensure the gardens can be enjoyed throughout the year.

This autumn, visit the gardens to enjoy the stunning surroundings and take a stroll over the bridge to enjoy the views – whether it's some time to reflect or to simply enjoy a few minutes of peace – the garden is the perfect space to unwind.

Meet the team: Estate Manager GRAZ

We caught up with Graz, Estate Manager at Trent Park, to find out more about his role within the development and why he loves the community at Trent Park.

WHAT IS YOUR ROLE AT TRENT PARK?

As an Estate Manager I am responsible for overseeing the day-to-day operational management and administration of Trent Park – every day is different, and I'm involved in many different aspects of the development. Trent Park is a growing community and as an Estate Manager I really enjoy engaging and working with the residents to create an inclusive, friendly environment. The residents are what makes Trent Park such a brilliant place to work!

WHAT DO YOU ENJOY MOST ABOUT WORKING AT TRENT PARK?

An important part of being an Estate
Manager is the upkeep and maintenance
of the buildings and the surrounding
landscaping, amenities and green space.
We're really proud that at Trent Park, the
beautifully designed buildings are equalled
by the glorious park surroundings. I find
the official site inspections really rewarding,
especially during the summer – it's great to
see everyone's hard work pay off. We work all
year round to make Trent Park exceptional
for every resident.

HOW WOULD YOU DESCRIBE THE COMMUNITY AT TRENT PARK?

The community is the heart of Trent Park. Seeing the residents making new friendships and bonding together is great to watch. The events we host, such as the residents BBQ that took place this summer, are a great way for the residents to get to know each other and they create a comfortable and homely atmosphere. As one of our residents put it, Trent Park is like 'growing up in a village where everyone is friendly and looks out for each other'. I think that sums it up perfectly!

DESCRIBE TRENT PARK IN A WORD OR TWO.

Working in such breath-taking surroundings can only be described in one way – *picture perfect!*
