WANDSWORTH MILLS

LONDON SW18

Located in the heart of Wandsworth,
on the banks of the River Wandle,
Wandsworth Mills is a place where history,
design and ecology come together to
form a unique living experience. An oasis
in London, it seamlessly combines high
specification new homes with beautiful
landscaped gardens, alongside iconic
Grade II listed buildings.

THE ARTISAN TOWER

Our vision of art, aesthetics
and craftsmanship.

Standing tall at the heart of Wandsworth Mills, the breath-taking Artisan Tower offers a choice of Manhattan, one, two and three bedroom apartments, set across 35 floors. Hotel-style facilities, from The Aqua Sanctuary and thermal spa, to private cinema screening rooms and entertaining spaces, are complemented by heritage touches that nod to the unique and fascinating history of the area.

GREEN AND PLEASANT WANDSWORTH

Wandsworth has always been a special place. An area boasting not one river, but two: the Thames and the Wandle. Beautiful houses and churches – historic architecture that hints at the area's prosperous heritage – tell one story, while modern amenities tell another.

The cafés, shops and pubs of Old York Road create a tranquil village feel, with central Wandsworth easily explored by foot and bike. The area has plenty of options for places to eat with numerous world-renowned restaurants, including the Michelin-starred Chez Bruce.

Plentiful green spaces – Wandsworth Common, King George's Park and Wandsworth Park to name just three – offer a breath of fresh air to the young families and working professionals that primarily make this area their home.

TAKE TIME TO MEANDER THE PARKS, PATHWAYS AND COMMONS

Wandsworth is one of London's greenest boroughs, boasting acres of parks, commons and gardens. This includes the 171-acre Wandsworth Common and Wandsworth Park, a short stroll from Wandsworth Mills on the banks of the River Thames.

You can also walk along the Wandle Wander, a pleasant riverside path following the river through King George's Park.

WELCOME TO WATERSIDE LIVING, WHERE TRANQUILLITY FLOWS - INSIDE AND OUT

The River Wandle resides in the centre of Wandsworth Town and is an area with significant historical importance. It starts in the Surrey Hills and ends at the River Thames.

From the early Huguenot settlers who established an international reputation for quality weaving and dyeing, to William Morris and the Arts & Crafts movement, the area has always been synonymous with artisan crafts.

Today, Wandsworth Mills, by St George, is an exciting new addition to this historic location.

It seamlessly combines high specification new homes with innovative natural landscaping alongside Grade II listed buildings.

From the impressive two storey Aqua Sanctuary to the river bankside down below, Wandsworth Mills embraces a love of natural green spaces and their positive impact on residents.

SPACE TO THINK

With the feel of an intimate library that you might find in a grand, stately home, this comfortable and modern space is designed with contemplation in mind. Take time out in a quiet corner, sit by the open fire or get lost in a good book - it is a hideaway in which to truly unwind.

A PLACE TO CALL HOME

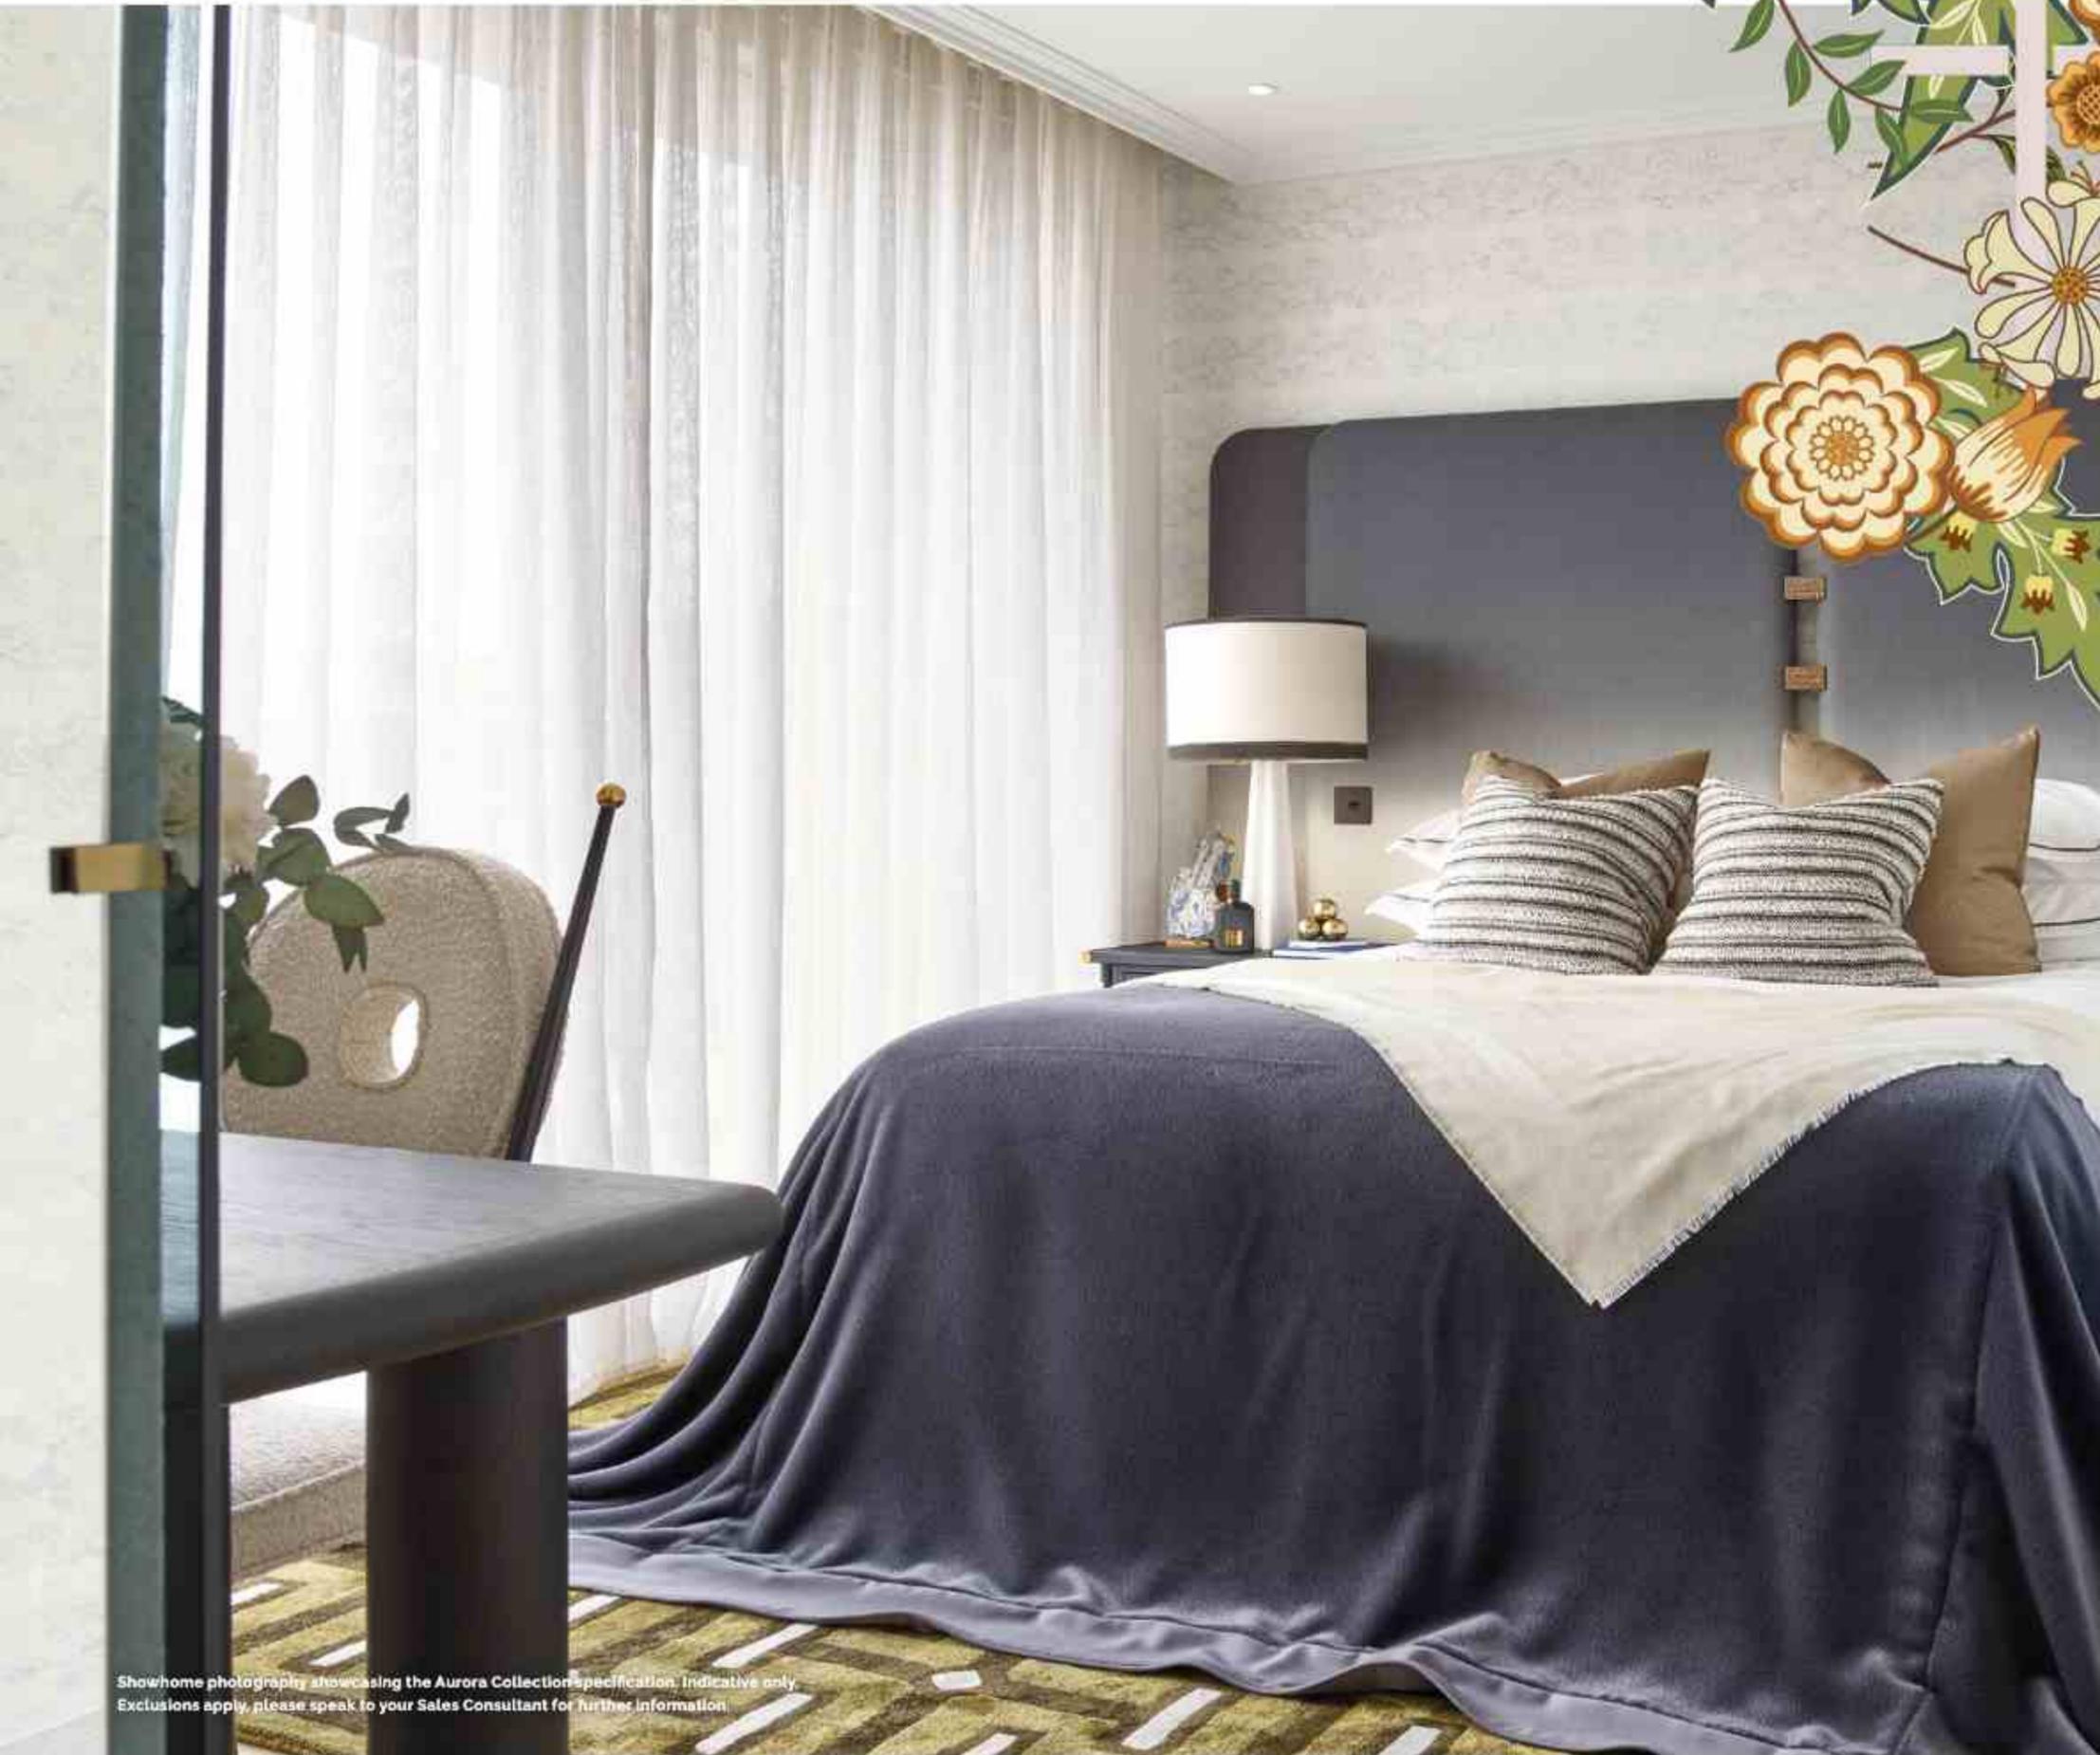

WHERE QUALITY AND DESIGN INTERTWINE

Quality craftsmanship and attention to detail are part of the very fabric of Wandsworth Mills. Contemporary design subtly reflects the area's rich heritage of weaving and fabric dyeing.

The legacy of the mills and the skills of the Huguenots provide the inspiration for two collections of homes. The Waterhouse Collection, brimming with bespoke decor and high-end finishes, offers superbly well-appointed premium homes. The Aurora Collection delivers an elevated living experience for those seeking enhanced specifications and the finest details.

CURATED PALETTES, TAILORED TO YOU

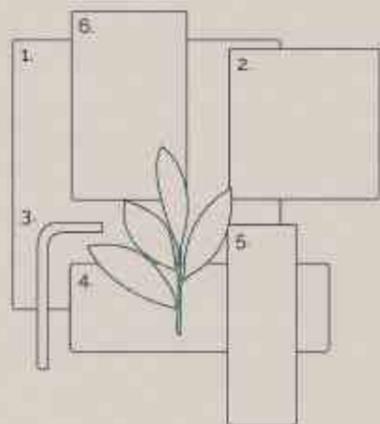

Bespoke design optimises the space between the living area and kitchen. Neutral yet bold, there are two colour options available.

The Printmakers palette has Grey Vicenzo Oak cupboards and a Warm Golden Oak floor. The Weavers palette uses Brown Tossini Elm and a Grey Oak floor. Both palettes are offset with crisp off-whites embellished with metallic highlights.

Understated simplicity is enhanced by subtle detailing with bespoke lighting bringing the space to life. The use of metals and fluted unit doors gives a contemporary feel.

ENSURING SUSTAINABILITY AT WANDSWORTH MILLS

PEOPLE, PLANET, PROSPERITY

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Wandsworth Mills.

NATURE AND BIODIVERSITY

Parkland, trees, flowers, living roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around Wandsworth Mills, we have created natural habitats that encourage wildlife to flourish as well as clearing the River Wandle. We are working with the Wandle Trust & Park Hood to engage residents in the natural landscapes that we have created.

WASTE AND RECYCLING

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

WATER EFFICIENCY

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily. Individual homes and apartment buildings also benefit from rainwater harvesting, which is used in gardens and landscaped areas.

ENERGY EFFICIENCY

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are selected to deliver high levels of energy efficiency.

SUSTAINABLE MATERIALS

We commit to sourcing the materials for the construction of our buildings in a sustainable and responsible way. All timber and wood-based products used to build your home should be certified to either the Forest Stewardship Council (FSC) or Programme for the Endorsement of Forest Certification (PEFC) scheme. This means it will have come from a responsibly managed forest. Our focus on materials doesn't just stop there – as a business we are committed to measuring and reducing the embodied carbon of our buildings, which where possible, includes sourcing low carbon materials, and those with high levels of recycled content.

NOISE REDUCTION

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

CLEAN AIR

It is hard to avoid polluted air, particularly in our cities. Throughout Wandsworth Mills we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we also provide mechanical ventilation to filter the internal air.

SUSTAINABLE TRANSPORT

Wandsworth Mills is situated within walking distance to multiple bus stops and train stations. Buses and trains provide regular and reliable transport around London and surrounding areas. We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. Promoting walking and cycling as methods of transport also help encourage healthier lifestyles.

STEWARDSHIP

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with an on-site team and residents to ensure the development remains in pristine condition.

FUTURE-PROOF DESIGN

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes.

MYHOME PLUS

MyHome Plus is an online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world. This section provides you with an overview of MyHome Plus key features to enhance your customer journey.

DESIGNED FOR LIFE

At St George, we are committed to creating great places where people love to live, work and relax. Here the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

CUSTOMERS DRIVE ALL OUR DECISIONS

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions. And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

CHOICE AND DIVERSITY

No two St George customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

QUALITY FIRST TO LAST

Quality is the defining characteristic of St George developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

GREEN LIVING

We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, promote recycling and enable residents to choose sustainable transport options.

COMMITMENT TO THE FUTURE

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today, we build for the future too.

CREATED BY ST GEORGE: OUR DIFFERENCE

AT ST GEORGE, WE DESIGN FOR LIFE

Transforming unique parts of the capital is our speciality. We sustainably regenerate previously neglected areas into high-quality and mixed-use housing, creating new spaces where people are both happy and proud to live. London is a city in global demand and uncovering space to create suitable housing to meet that demand is harder than ever. We achieve the seemingly impossible by searching out overlooked and under-appreciated areas that can be transformed into beautiful housing that meets the needs of aspirant city-dwellers. We believe people, partnerships, and a shared vision are key to successfully delivering thoughtfully designed homes and to create thriving communities. We have been designing and building such spaces for decades. We are driven to create a lasting legacy for the capital and its people, through collaboration and partnerships.

OUR VISION IS TO DEVELOP SITES THAT HAVE BEEN CLOSED TO THE PUBLIC FOR DECADES AND RECONNECT THEM TO THE COMMUNITY

We want the places built by St George to be renowned for the quality of their landscape and the open space. The term 'landscape' comes from two words meaning 'to shape a place where people belong'. That idea inspires our approach. The space between buildings is where you create a community and somewhere that is sociable, sustainable and safe. We believe beautiful landscaped open spaces give room to breathe and sit in harmony with our vision for the carefully considered architecture and thoughtfully designed interiors throughout our developments. To pioneer a landscape-led approach to urban developments is hugely important to us. We truly believe these spaces between the buildings are as important as the buildings themselves, where one's wellbeing within that space can be emphasised through positive design.

ST GEORGE AIMS TO BUILD YOUR HOME TO A HIGH STANDARD OF DESIGN AND QUALITY AND HAS OVER 40 YEARS OF EXPERIENCE OF DELIVERING

When you buy a new home from us it comes with a 10-year NHBC warranty – the first two years of which are covered by St George. However, over and above this, we will take a reasonable approach to resolving issues, even if they fall outside of the warranty criteria or time periods. In other words, we will stand by our product and work with you to find an appropriate, fair and reasonable resolution to any issues that may arise in the future. All of our customers are provided with a commitment that when they buy a new home from St George, they can be safe in the knowledge that it is built to a high standard of design and quality, has low environmental impact and that they will enjoy an exceptional customer experience.

CUSTOMERS

Choosing your home is one of the most exciting and important decisions you can make, but it is also a challenge. From location to amenities, connections to education, there are so many factors to weigh up.

At St George, we understand what you're looking for in a new home and we are dedicated to designing and building exceptional places that meet your needs.

We design for everyone: from families to first-time buyers, students to retirement communities, always considering the ever-changing need for space innovation and integrated technology. The service we provide goes beyond the contract, committing to the developments we create and our long-term involvement with those who live there. To us, places are about people.

TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us. We transform underused sites into exceptional places and we're also transforming the way we work embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

OUR VISION
2030
TRANSFORMING TOMORROW

Our Vision 2030 is our 10-year plan which sets out how we will achieve this.

TRANSFORMING PLACES

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

TRANSFORMING LIFESTYLES

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

TRANSFORMING NATURE

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

TRANSFORMING FUTURES

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

THE BERKELEY FOUNDATION

WE ARE COMMITTED TO MAKING A REAL AND LASTING DIFFERENCE TO THE COMMUNITIES WE SERVE

The Berkeley Foundation supports voluntary organisations in tackling long-term social issues in their local community. Working together, we help people choose a different life path, develop confidence and skills, and find hope for the future. Since we established the Berkeley Foundation in 2011, we have committed many millions of pounds to hundreds of charities and organisations. A significant proportion of our donations are raised through the tireless efforts of our own staff.

Wandsworth Mills was granted planning permission on 6th December 2013 by Wandsworth Borough Council. The planning application number is 2012/5286. Through the purchase of a property at Wandsworth Mills, the buyer is acquiring an apartment with a 999-year leasehold from 1st January 2027. Purchasing uncompleted properties situated outside Hong Kong is complicated and contains risk. You should review all relevant information and documents carefully before making a purchase decision. If in doubt, please seek independent professional advice before making a purchase decision.
