## CLUB RESIDENCES

LONDON W12

WHITE  
CITY  
LIVING

**St James**  
Designed for life

# UNBELIEVABLY LONDON

Welcome to the Westmont, an extraordinary lifestyle club that you can call home. A collection of suites, one, two and three bedroom apartments with 528 homes across two buildings. Featuring an extensive collection of unique, luxury amenities, including a private Mediterranean inspired rooftop Beach Club exclusively for residents! The latest addition to White City Living, the residential heart of West London's most exciting new district.

Westmont Club Residences

# ENJOY LIFE AT WHITE CITY LIVING

White City Living offers an experience like no other. With more than 2,500 homes set in eight acres of parks and gardens, surrounded by world-class retail, entertainment, education, culture and commerce. Adjacent to two Zone 2 Underground stations and less than 15 minutes from the West End.

The Westmont Club Residences marks the latest chapter in the story of this remarkable new district, and adds to the already unrivalled lifestyle amenities on offer at White City Living.

*“At White City Living we’re helping to bring the borough’s local economy into the 21<sup>st</sup> century as we aim to become the best place to live, work and play in Europe”*

Chairman of St James and St William

# ELEVATED TO ANOTHER WORLD

The entire 11<sup>th</sup> floor of the southern building at Westmont is dedicated to the Beach Club. With its beach, infinity pool, terrace, Olive Grove, lounge and bars. Imagine entering a lift in the heart of White City and stepping out into a tranquil landscape inspired by the Mediterranean.

Computer generated image is indicative only and subject to change.

# WHERE THE MEDITERRANEAN MEETS WEST LONDON

*Computer-generated image of the outdoor terrace.*

At the heart of the Beach Club is the Olive Grove, with a stone path gently winding through the trees down to the beach and pool. A tranquil place to relax and unwind with informal seating, sun loungers and curved benches.

Computer generated images are indicative only and subject to change.

Travel times taken from google.co.uk/maps. \*Proposed opening 2022

Natural History Museum

Notting Hill

Holland Park

Live surrounded by London at its most cultured and refined. Home to grand royal parks, world renowned concert venues and museums, together with many of its finest one-off stores and celebrated restaurants. From the multi-coloured streets of Notting Hill, to the natural wooded splendour of Holland Park and the antique treasures on offer at Portobello market.

## WEST LONDON LIVING

Royal Albert Hall

Westmont Club Residences

V&A Museum

Hyde Park

*“Westmont is a new reference point on the map, an architecture of confidence. The development’s proportion and gently curved profile provides the opportunity to create a building which is defined by a grand, sweeping crescent.”*

Fred Pilbrow, Pilbrow & Partners, Architect

## DESIRABLE DESIGN

Westmont acts as a gateway between Wood Lane Underground station and the new White City Living quarter. The design of the buildings consists of a low-rise podium forming a long, sweeping crescent which defines a new north south pedestrian route. This new route connects the Underground stations to the emerging Imperial College London Campus.

Computer generated image is indicative only and subject to change.

# IMPERIAL COLLEGE LONDON

Directly north, Imperial College London is creating a new 23-acre campus. Imperial is consistently ranked as one of the world's top 10 academic institutions and is at the cutting edge of science, technology, medicine and business. The new White City Campus is a space for Imperial to grow and cultivate new collaborations with business and academia, as well as the local community and other partners. Imperial will be occupying 10,000 sq ft within Westmont which will become a gateway to their White City Campus.

# EXCELLENCE THROUGH DETAIL

Our goal is to be a world-class company creating successful, sustainable places where people aspire to live.

## Building relationships

Our customers are at the heart of all our decisions. We aim to understand their needs and consistently meet or exceed their expectations. The service St James provides is professional, efficient and helpful to make the home buying process as straightforward and enjoyable as possible. Our levels of customer service aim to be comparable to other top brands.

## Landscape vision

The landscape proposals for White City Living were inspired by the Japan-British Exhibition which occupied an area of 140 acres of White City during the summer of 1910.

The use of water is a continuation of the landscape with more than 50 individual fountains, jets and cascades that animate and connect together much of the White City development, creating movement, sounds and reflections throughout the site.

The landscape will feature more than 6400 individual trees and plants from 40 different species. A unique collection of around 400 trees were handpicked in Germany by the St James team.

## Material difference

At St James, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. From the hand selected stone and marble from Italy to the personal factory visits to check quality and specification. St James only offers a high quality product.

## Sustainability

Our gardens and landscape incorporate a wide variety of plant species providing habitats and food for invertebrates and birds. We have also incorporated bird boxes and bat boxes as part of a sitewide ecological mitigation strategy.

The water feature has a water treatment system which supports aquatic fauna and flora.

Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats.

## Innovative design and build

St James creates new places to live, work and play working with leading architects, designers and landscape designers to bring new and innovative ideas for each development.

## DESIGNED FOR LIFE

### Designed For Life

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance well-being and quality of life for residents and visitors. Where people feel a sense of community.

### Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

### Choice and diversity

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

### Quality first to last

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

### Green living

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

### Commitment to the future

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

# THIS IS HOW WE ARE ENSURING SUSTAINABILITY AT WHITE CITY LIVING

## People, planet, prosperity

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, well-being and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at White City Living.

## Nature and biodiversity

Parkland, trees, flowers, water features, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone. They are all part of our commitment to achieve a net biodiversity gain on our developments. At White City Living we will transform a brownfield site (historically used for industrial purposes) into a brand new destination which features a 5 acre public park. We have worked with our landscape architects to introduce green spaces with extensive landscaping and tree planting. Green roofs also form part of the strategy to support local wildlife and boost biodiversity.

## Waste and recycling

We actively encourage all residents to reduce their waste wherever possible. We provide integrated recycling bins within kitchen units to make it easier to separate and recycle different types of waste.

## Water efficiency

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. Rainwater harvesting is also in place for the wider development, with water captured during periods of rainfall, stored underground and then used to irrigate landscaped areas.

## Energy efficiency

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). Each home has a smart energy meter, so residents can monitor usage, whilst all lighting is low energy and kitchen appliances are energy efficient.

## Noise reduction

We can't eliminate noise, but we do consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We consider room layout and incorporate insulation to create a quieter environment wherever possible.

## Clean air

It is hard to avoid polluted air, particularly in our cities. Throughout White City Living we have planted trees, shrubs and flower beds to help create a cleaner air environment. Within our homes we provide mechanical ventilation to filter the internal air, whilst the paints and adhesives used have low levels of volatile organic compounds (VOCs) to ensure a healthy indoor environment.

## Sustainable transport

We provide secure cycle parking and electric car charging points to encourage the use of sustainable methods of transport. Extensive walking and cycling routes through the site also ensure easy access to bus, tube and rail links. A car club is available to residents whilst a number of Santander cycle hire stations are also located near the development.

## Community & Stewardship

We want to ensure that White City Living develops into a thriving community, where people get to know their neighbours and enjoy a great quality of life. The development will have key amenities and places to meet, including communal gardens, an amphitheatre and water features, children's play spaces, a brand new supermarket, and c. 90,000 square feet of commercial and community space. White City Living will also have a community plan, and we will support the development of a resident led community committee and provide funding to run clubs and events aimed at bringing people together.

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with the Estate Management Team and residents to ensure the development remains in pristine condition.

## Future-proof design

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs. Adaptation features at White City Living include green and brown roofs, rainwater harvesting and sustainable urban drainage.

Proud to be members of the Berkeley Group of companies

# TRANSFORMING TOMORROW

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives. We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our ten year plan which sets out how we will achieve this.

Computer generated images are indicative only and subject to change

**TRANSFORMING PLACES**  
Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

**TRANSFORMING LIFESTYLES**  
Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

**TRANSFORMING NATURE**  
Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

**Berkeley Foundation**

**TRANSFORMING FUTURES**  
Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

Please scan this QR code for more information on how we are TRANSFORMING TOMORROW

# MYHOME PLUS

MyHome Plus is a new online service that is designed to help you manage key aspects of your new home at any time from anywhere around the world.

Providing you with a step-by-step guide to the buying process from reservation through to completion, moving in and warranty. At each milestone, the buying process section advises on the next steps so that you can be absolutely clear on your current position and what to expect next.

Sign in by visiting:  
[berkeleygroup.co.uk/my-home/sign-in](http://berkeleygroup.co.uk/my-home/sign-in)

## 01

### Filing cabinet

In the filing cabinet section you can access documentation relating to your new home immediately at your own convenience.

## 02

### Meet the team

This section provides an introduction to the team that will be working with you throughout your journey and details their individual roles. You can email any member of the team directly via this section.

## 03

### Options and choices selection

We are able to offer some choices on certain internal finishes of your new home. Whether this option is available to you will depend on what stage of construction the property has reached at the time of you making your reservation. See the next steps section for further detail on this.

## 04

### Construction progress

Under this section, regular updates on the construction of your new property will be provided, keeping you up to date on the progress on site and the local area. Your Customer Service Manager will issue regular newsletters and photographs to this section throughout your journey.

### Next steps

01 Your Sales Consultant will send you a link that you will need to activate to access MyHome Plus. The link will require you to set a password for access.

02 Customer Service will then be in touch to invite you in to our Show Apartment to view the interior selections available for the internal finishes that you have an option to select. If you cannot make it to the appointment, the options can be discussed over the telephone and selected via MyHome Plus. Customer Service will need to receive your choices selection by the deadline date, which will be given in advance.
