EDITIONS COLLECTION

EMPEROR POINT

Welcome home to Emperor Point

One of the final opportunities for waterside living with spectacular reservoir views

Emperor Point represents the final phase of the Editions Collection at Woodberry Down, consisting of a twenty-storey tower offering a selection of 108 one, two and three bedroom apartments. Many of these stylish apartments have breathtaking views over the reservoirs, City skyline and beautiful landscaped surroundings, and are situated just a short distance away from the tranquil waterside.

Local shops and amenities are also located close by and our residents' only facilities are conveniently situated within Emperor Point itself which includes a 24-hour concierge, business lounge and screening room.

WOODBERRY DOWN

*An urban oasis with two reservoirs,
a wildlife reserve, idyllic views
and lush landscaped greenery.*

*A tranquil waterside retreat,
located within Zone 2 with
connections to King's Cross
in just 6 minutes**

EDITIONS COLLECTION

EMPEROR POINT

Natural LIVING

Woodberry Down is one of Berkeley's most successful placemaking projects, one that has transformed 64 acres of land into a sustainable and beautiful new place, and has won several prestigious awards.

The focus has always been on integrating its vibrant community with nature, with an overarching commitment to conserving energy and protecting the environment.

Woodberry Down, where Berkeley works in partnership with the London Wildlife Trust, is the perfect expression of this vision. It is a habitat where birds and wildlife of many species can co-exist with visitors in perfect serenity.

The Finest DETAIL

Creating Emperor Point began with selecting the finest, most exquisite materials available, in tones and textures that would highlight the natural assets of this unique location. As the final chapter of The Editions Collection, Emperor Point has taken inspiration from nature, where perfect design is to be found in the smallest details.

These beautifully designed apartments have been curated to meet every requirement of your lifestyle. Spacious, light, welcoming and exquisitely planned, designed and equipped to a high standard by Berkeley.

All two and three bedroom apartments within Emperor Point benefit from an uplifted premium specification, with two colour palettes for you to choose from.

Locate London's hidden gem

Woodberry Down is located in the London Borough of Hackney, close to several other neighbourhoods worth discovering for their own distinctive character. There's Stoke Newington, which has its own large park, Clissold Park, and a great range of bars and restaurants. Finsbury Park, as the name suggests, also has a park which plays host to many large gatherings through the year: music festivals, fun runs, family and charity events.

Victoria Park is yet another wonderful open space, the original 'people's park', which opened in 1845 and is loved as much as ever today. London Fields is a smaller open space but certainly packs plenty in, including an Olympic-size outdoor pool. Woodberry Down is also close to Broadway Market, incredibly popular for its food stalls and wonderful fresh produce.

Islington is a little more traditional, filled with an abundance of places to eat and drink, boutiques and antique dealers, and home to the highly respected Almeida Theatre.

EMPEROR POINT

EDITIONS COLLECTION

EMPEROR POINT

Close to HOME

Nowadays, we're all appreciating the benefits of staying local, especially when working from home. There's so much you can do at Woodberry Down without even leaving its boundaries.

An early morning run beside the water, sailing and swimming in the West Reservoir, taking a break at the friendly Coal House Café, or taking a walk in the Woodberry Wetlands nature reserve, all just minutes from your door.

EDITIONS COLLECTION

EMPEROR POINT

Local convenience

Emperor Point couldn't be more conveniently located, close to Zer Café and Juice Bar, Coal House Café, Sublime Italian restaurant, The Naturalist pub, 215 Hackney and Goldstar food store. Woodberry Down also has a health centre, two schools, post office, gym, yoga studio and dry cleaners all on site.

Park Life

Some of London's biggest and best parks are located close to Woodberry Down, extending your options for outdoor activities.

These parks include Finsbury Park, and Clissold Park in Stoke Newington. Woodberry Down itself has Spring Park already situated on the development, and The Editions Collection is soon to have a new park of its own, with pathways and planting threading their way between the buildings.

EMPEROR POINT

A flourishing COMMUNITY

Woodberry Down Summer Screenings

A people kind of place

Festivals, fun days and outdoor screenings run throughout the year, giving Woodberry Down residents the opportunity to get to know one another.

It's a flourishing community, where people enjoy being together.

A social network

The social hub of Woodberry Down is The Redmond Community Centre, a beautiful, light-drenched modern building which offers a programme of activities including yoga, creative arts, and cookery classes. It also houses a library and the space can be hired for private events. It's a true community asset.

Hidden River Festival

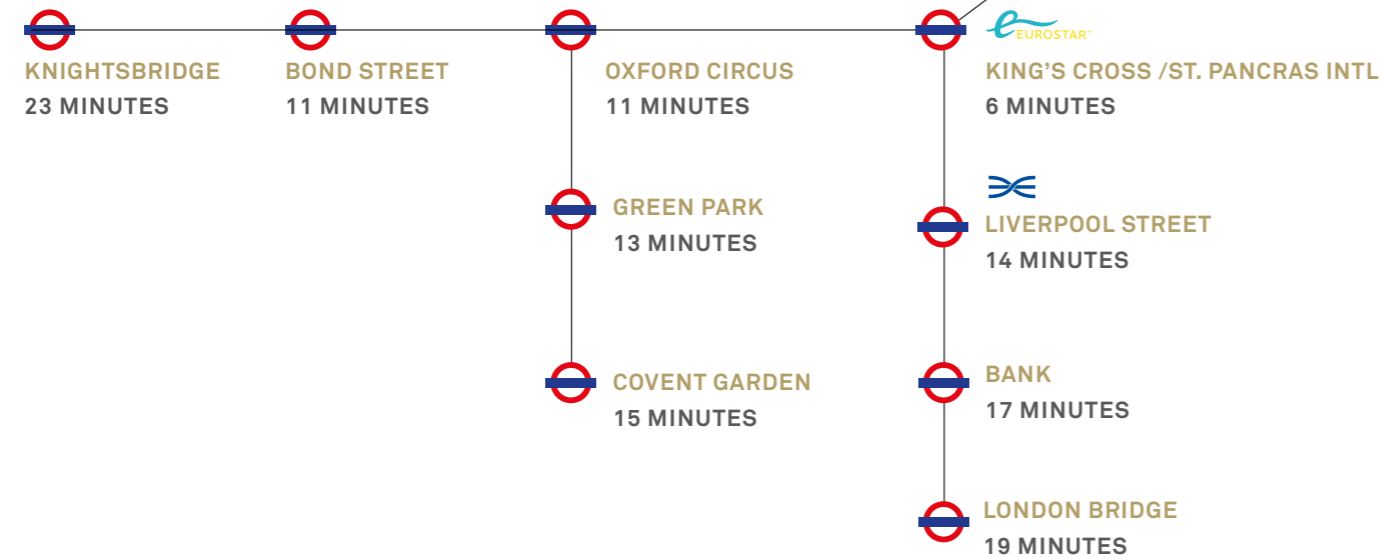

Going PLACES

Walk, tube, rail, bus, bike; London is accessible in many different ways, all of which are achievable from Emperor Point.

Manor House, situated within Zone 2, is the station nearest to Woodberry Down, and is just a 5 minute walk from Emperor Point. From there, it's only 6 minutes to King's Cross, 11 minutes to Bond Street and 17 minutes to the City.

Manor House is also on the Piccadilly Line, part of the Night Tube service, with trains running 24-hours on Fridays and Saturdays.

With King's Cross and St Pancras International so close by, reaching European destinations such as Paris, Brussels, Lille, Amsterdam and the south of France is simply a matter of one train to another.

Customer RELATIONS

We want to ensure you are happy with every aspect of your new home, so we look after our customers at every stage with expert advice, attention to detail and continuous communication.

From exchange of contracts, your dedicated Berkeley Customer Service Representative will help with any questions you may have.

Here is what you can expect:

From the day you reserve – until the day you complete – we'll update you regularly on progress

You will be given your own log-in credentials at reservation to access your personal MyHome Plus account where you will be able to view the development, property, construction progress and buying process information

Sustainability is high on any responsible builder's agenda. We promise to fully communicate the environmental features of our developments to all of our customers

Our Customer Relations Manager will present a selection of designer-conceived colour palettes to help you find the interior finish that most suits your style

We'll meet you on site to demonstrate all the functions and facilities of your new apartment

We personally hand over your key on completion day and make sure everything is to your satisfaction

The 2-year warranty with 24-hour emergency service has a dedicated customer service telephone number and from the 3rd to the 10th year you'll have the added security protection of a 10-year NHBC warranty

Finally we'll contact you after 7 days, at 4 weeks and 7 months after you move in, to make sure everything continues smoothly.

Natalie Allen, Customer Relations Manager

“

They are a leading developer, the service was brilliant and the site is really great...It's good overall. Natalie Allen, was brilliant and answered messages. She was very responsive and polite, had good attention to detail and kept me updated all the time.

Being honest with the customer and selling what they promised in the sales pitch.

Woodberry Down residents
(Customer survey, 2022)

We have to create real communities. Not just homes, but beautiful places with the amenities and green open spaces that bring people together. We have to talk to people, listen to everyone, and ensure we're providing the facilities they really need and care about most. If we keep the focus on people, then housing offers so much more than just shelter. It becomes a powerful force for good.

Berkeley Group

Partnership and COLLABORATION

A vibrant neighbourhood for north London:
Woodberry Down in Hackney is one of the Capital's
largest estate regeneration projects providing
placemaking, social and economic change
on an inspiring scale.

The concepts of placemaking and people sit at the heart of the 30-year development project, which on completion will see 1,890 existing homes replaced by over 5,500 new build apartments (of which 41% will be affordable). 1,479 homes have been delivered to date with a further 563 currently under construction.

The long-term transformation can be attributed to the effective collaboration between the four main delivery partners:

- Hackney Council
- Notting Hill Genesis Housing Association
- Berkeley Homes
- Resident-led Woodberry Down Community Organisation (WDCO)

Woodberry Down is a mixed, balanced and integrated community. Walking through the new neighbourhood, it is impossible to tell the difference between private and social housing. High quality amenities such as two schools, an academy and a community centre, as well as shops for a range of budgets, continue to be provided. In addition, there is 2.61 acres of new parkland – awarded a prestigious Green Flag in 2016/17. All are fundamental partnership objectives with one goal in mind: to make Woodberry Down a successful new London district for existing residents and new homebuyers alike.

Manor House Development Trust (MHDT) is also a key player in Woodberry Down. This award-winning, community-led organisation funded annually by Notting Hill Genesis and Hackney Council drives forward economic and social regeneration through building community resilience and sustained empowerment to secure Woodberry Down's long-term future.

Thanks to the efforts of all involved in the regeneration project, Woodberry Down has become a thriving, sociable place to live. Well attended events such as the annual Hidden River Festival have become a much loved fixture in the area's community calendar, while the nature reserve provides a gorgeous waterside setting for the new homes, in addition to attracting a new wave of visitors to Woodberry Down.

A people-centred approach

We want to create places that people will love as their own. Places that inspire a sense of pride, belonging and community spirit.

This can only be achieved through listening to people and putting their wellbeing at the heart of everything we do. We have to show care, passion and attention to detail, day after day.

When we approach development in this way, local people become our partners. They bring their own energy and ideas, and they turn a place into a real community.

IN PARTNERSHIP WITH

MAYOR OF LONDON

Designed for LIFE

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

Choice and diversity

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

Quality first to last

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

Green living

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity. All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

Commitment to the future

When we plan a development, we take a long-term view of how the community we create can thrive in years to come. Our aim is to permanently enhance the neighbourhoods in which they are located, through intelligent design, quality landscaping, sympathetic architecture or restoration, and high standards of sustainability. We don't just build for today; we build for the future too.

Our VISION

At Berkeley Group our passion and purpose is to build quality homes, strengthen communities and improve people's lives.

We are innovating, pushing boundaries and taking action to ensure we have a long-term, positive impact that is good for our customers, the communities we touch, our business and the world around us.

We transform underused sites into exceptional places and we're also transforming the way we work; embracing technology and raising standards, as we continue to deliver an outstanding customer experience and create high-quality homes that delight our customers.

Our Vision 2030 is our 10-year plan which sets out how we will achieve this.

EMPEROR POINT

Transforming...

Places

Working with local people and partners we create welcoming and connected neighbourhoods where you can be proud to live.

Lifestyles

Taking action on climate change and giving you ways to live more sustainably. We're building efficient homes that use less energy over their lifetime, with sustainable travel choices on the doorstep.

Nature

Creating beautiful places with habitats that help nature to thrive, meaning that every site is left with more nature than when we began.

Futures

Helping people to reach their potential through apprenticeships and training, and programmes supported by the Berkeley Foundation.

People, planet, prosperity

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at Woodberry Down.

Nature and biodiversity

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around Woodberry Down, we have created natural habitats that encourage wildlife to flourish. We are working with award-winning landscape architects, Murdoch Wickham, to engage residents in the natural landscapes that we have created.

Waste and recycling

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

Water efficiency

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily.

Energy efficiency

Efficient use of electricity and gas helps to lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness. All lighting is low energy and kitchen appliances are minimum A rated or above.

Noise reduction

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

Clean air

It is hard to avoid polluted air, particularly in our cities. Throughout Woodberry Down we have planted trees, shrubs and flower beds to help create a cleaner air environment.

Sustainable transport

We provide bike stores and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help to encourage healthier lifestyles.

Stewardship

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with managing agents and residents to ensure the development remains in pristine condition.

Future-proof design

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.

Sustainability at it's HEART

Creating a sustainable living environment that is also called home, is central to the ethos of Woodberry Down.
