WOODHURST PARK

WARFIELD | BERKSHIRE

# The Oaks

A collection of 3, 4 & 5 bedroom homes in a beautiful country park setting

Berkeley Designed for life

Situated to the west, this large area of natural green space is bordered by existing woodland and features cycle and footpaths, the perfect place to take the dog for an evening stroll after work, or venture out on a family bike ride.

This traditional design provides an open-air meeting place for residents and will undoubtedly become a hub for relaxing, picnics and community celebrations.

The Nature Trail is the second LEAP at Woodhurst Park, situated close to The Orchard Walk, providing more adventurous activities and equipment, perfect for mini explorers.

Located to the east, this natural watercourse provides a stunning and diverse environment waiting to be explored. "The Splash" will be retained as the crossing point of the river, leading to the brand new primary school.

# The Greenway

Leading off from the Country Park and flowing through the heart of the development, the landscaped Greenway links the community together through a collection of unique, exciting open spaces for all residents to enjoy throughout the seasons.

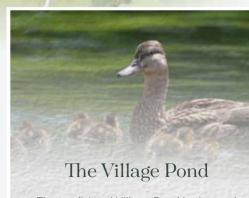

#### 3. The Hill Fields

Located close to The Village Green, The Hill Fields is the first of two Local Equipped Areas of Play (LEAP) at Woodhurst Park, and is named for its low grass hillocks for informal play, with slides, tunnels and bridges creating a fun experience.

## 4. The Orchard Walk

An oasis of tranquillity, with both fruit and flowering trees, informal paths and seating, The Orchard Walk is the perfect place to unwind and meet friends.

The traditional Village Pond is situated to the south of the development and provides a peaceful setting to relax by the water. Here you can feed the ducks and enjoy the local wildlife, whilst reading a book or enjoying a picnic.

# A commitment to creating sustainable communities

Berkeley's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

Over the years, The Berkeley Group has won many prestigious awards for the quality, design and sustainability of its developments. Our Vision is Berkeley's plan for the business, designed to raise standards higher still. Our goal is to be a world-class company creating successful, sustainable places where people aspire to live. We take our responsibilities towards our customers, the environment, the workforce and the communities in which we work very seriously. Our plan for the business has five areas of focus: Customers, Homes, Places, Operations and Our People.

#### OUR VISION

To be a world-class business generating long-term value by creating successful, sustainable places where people aspire to live.

## CUSTOMER SERVICE IS OUR PRIORITY

We aim to put customers at the heart of our decisions. Dedicated sales teams will provide exceptional service throughout the buying process, and teams will manage the customer relationship from exchange of contracts through to completion, delivery of the new home and after occupancy.

#### HIGH QUALITY HOMES

When you buy a new home from Berkeley you can be safe in the knowledge that it is built to very high standards of design and quality and has low environmental impact. We meet specific space standards for new homes and aim to deliver a home which has fibre broadband infrastructure.

#### GREAT PLACES

We seek to create beautiful, successful places characterised by the quality of their design, external spaces, transport and access to jobs and amenities. These are places where people choose to live, work and spend their time and which directly encourage people's well-being and quality of life.

## EFFICIENT AND CONSIDERATE OPERATIONS

We reduce the impact of the construction process on the local community by registering all of our sites with the Considerate Constructors Scheme. We set targets to reduce water, energy and waste. We work with our supply chain to ensure high quality services and materials are consistently provided.

## A COMMITMENT TO PEOPLE AND SAFETY

Safety is a high priority on all of our construction sites. We also aim to have a positive impact on society and enable young and unemployed people to get into work through our support of the Berkeley Foundation.

#### BERKELEY FOUNDATION

Berkeley takes social responsibility very seriously. In 2011 we set up The Berkeley Foundation, with the aim of supporting Britain's young people and their communities. We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes part from the Berkeley Group, and also through the tireless and inventive efforts of our staff. We have set a goal for The Berkeley Foundation to invest £10 million over the next five years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.
